# Charter committee approved in Romulus

By HENRY CANTIN

The appointment of a five-member charter committee to review Romulus' city charter has been approved by the city council.

The council's action was based on a suggestion by President Jimmie Raspberry calling for the selection of such a committee to make recommendations on possible charter updating.

The council directed the City Attorney John E. Young to work with the committee.

The selection of possible candidates who will serve on

the charter review committee will be made by the mayor (one selection) and by council members (four selections).

The present charter was drafted by a nine-member commission elected in November, 1968. The charter was approved by the voters in May, 1970 when city incorporation for the Township of Romulus was approved.

The 27-chapter document covering all aspects of municipal government was drafted by Felix F. Rogalle, chairman; Charles J. Dick Jr., Alfred J. Perry, James P. Foley, Mickie Lopato, Jesse L. Tryon, Terry L. Troutt, William M. Oakley and Arthur H. Dittmar Jr., secretary.

The proposed charter was approved by the commission,

7-2, with Troutt and Tryon opposed.

Raspberry, in offering his suggestion for the charter review committee, stated that, if revisions were made to the present charter and the council approves, the revisions can be presented to the voters for their decision.

The council president also requested that copies of the current audit be presented to council members.

Mayor Hyle J. Carmichael, in answer to a council inquiry, reported that he has interviewed two firms relative to the appointment of a new planner for the city.

The former planner, Charles W. Hazen, resigned and is now engaged with a private firm.

## Santa Claus arrives

The Christmas tree lighting ceremony at the Romulus Municipal Building Friday was highlighted by an official visit by Santa Claus.

Santa and his helper, Miss Christmas Carol (Miss Melanie Reinhold of Romulus), in addition to assisting in the tree lighting festivities, visited his temporary headquarters in the city hall where he met many of the community's youngsters.

Mayor Hyle J. Carmichael headed the list of officials and prominent residents among the approximate 100 children and adults.

The Christmas tree lights were turned on by Gia Marie Poltoczny, 7, daughter of Mrs. Loretta Conroy of 15281 Meadow Ave. Gia is a cerebral palsy victim.

Santa arrived at the city hall atop one of the city's fire engines and left later for his rounds throughout the community on his snowmobile.

He again was accompanied by Miss Christmas Carol.

## Employees picket papers

A picket line was thrown around the Wayne offices of The Belleville Enterprise and Romulus Roman yesterday by members of Local 22 of the American Newspaper Guild after negotiations broke down Monday between management and the guild on economic issues.

Supervisory personnel of the two newspapers are working to bring the newspaper subscribers their weekly issues.

The resulting slowdown in production resulted in the late delivery of your newspaper.

**WITNESSES TO CRASH** - Billy Buell (left) of Southfield and Eugene Orvis of 22018 Letoure Lane, Romulus, were driving on Middlebelt Road near Metropolitan Airport Friday noon when the small jet plane crashed into a fuel tank. Buell, of Southfield, and Orvis, of Romulus, saw the plane climbing at a steep angle before plummeting down, although they couldn't see it hit the fuel tank. The cockpit of the plane landed in a field just north of the tanks and south of I-94.

## 3 killed when jet hits tank

Three people were killed Friday when a small private jet plane faltered on take-off from Metropolitan Airport and crashed into a gasoline fuel tank.

Two of the victims were aboard the plane, a Lear jet owned by Zantop Airways. A third man, who was working on the fuel tank, was killed when the plane crashed.

The pilot was identified as Daniel K. Green, 29, of 8551 Whitehorn, Romulus. His co-pilot was identified as Harold R. Carroll, 27, of 32548 Avondale, Westland.

The ground worker was identified as Vincent Stremple, 55, of Carleton. He was on the tank measuring a four million gallon delivery of gas and was the only oil company employee in the area of the crash.

## Carriers collect

The carrier boy who delivers this newspaper to your door, will be calling to collect 50 cents for the month of December. This will include payment for the issue of Dec. 27. If your paper was started late in the month, he will collect a smaller amount.

Your carriers will appreciate prompt payment. If you have any suggestions on how he can improve his service to you, he invites your suggestions. He extends his Christmas greetings to you.

Stremple tumbled off the tank and his body was found near the base of the structure. He was dead-on-arrival at Wayne County General Hospital.

The gasoline tanks, owned by the Union 76 company, are located at Middlebelt and Wick roads, just south of I-94 and north of Metro Airport.

The jet struck the left side of the fuel tank and wreckage was thrown across the expressway to the north. One pilot's body was found on the median of the expressway. The other was found in a field north of the expressway.

The plane exploded and burned on impact, but the tank remained intact. The tank will now be dismantled for repairs, which will reportedly take two months. Damage to the tank was estimated at \$400,000.

Two witnesses to the crash - Billy Buell of Southfield and Eugene Orvis of Romulus - were driving on Middlebelt. They said they saw the plane climbing up in a steep angle and then all of a sudden it dipped down.

Buell and Orvis lost sight of the plane before it hit the tank but saw the flash from the explosion. A helicopter pilot from Metro said he saw the plane taking off and disappearing into haze and then all of a sudden coming back down.

He said it seemed to have power and it looked like there was some trouble steering the craft. He said he saw it hit the tank.

Traffic on the expressway and surrounding roads was blocked by Wayne County Sheriff deputies with help from local city patrol cars.

Federal Aviation Administration investigators went to work recovering parts of the aircraft to attempt to find the cause of the crash.

## One or two more cars? Romulus council ponders sheriff's report

Whether or not the City of Romulus contracts for additional law enforcement protection is expected to be decided by the city council Tuesday.

A recommendation that the City of Romulus increase its police patrols by two additional cars has been submitted to the city council by the Wayne County Sheriff's Department, the community's law enforcement agency.

Following the receipt of the recommendation, which was accompanied by a documented report showing sharp rise in crime in the city, the council held an executive session.

It was learned that contracting for two additional patrol cars will be at a higher rate due to recent pay increases given sheriff's department personnel.

Under the present city-county three-year law enforcement contract, Romulus has two patrol cars operating on a 24-hour basis. Sixteen police officers from

the sheriff's department road division are assigned to Romulus enforcement work and patrol duties.

The contract was initiated by Mayor Hyle J. Carmichael and approved by the city council on Aug. 10, 1971.

The contract calls for the payment of \$378,432 - or \$189,216 per police car. It is the first contract of its kind in Michigan.

It was learned Monday that the addition of two more cars, (the council originally suggested one patrol car) would cost in the neighborhood of \$205,000 per car.

The members of council have been looking into the feasibility of the sheriff's department report and new price figures.

Councilman Edmund W. Bizek stated that he favors adding two cars, but wanted to study the matter thoroughly before the council makes its formal decision, expected Dec. 26.

**SITTING ON SANTA'S LAP** - Ora Kennedy, 73, of 11071 Wahrman Rd., Romulus, has an enjoyable time sitting on Santa Claus' lap at the Christmas party for the Romulus Senior Citizens provided by the recreation department.

# Parks may be patrolled during winter in county

A plan to provide year-around sheriff's patrol in Wayne County parks has been tentatively approved by the Wayne County Board of Commissioners.

The proposal would assign 18 deputies to patrol the parks all year on a full time basis. They would be excluded from other duties except in emergencies.

Currently, the 18 men are assigned to park patrol for six months of the year, from May 30 to Nov. 30. At other times the parks are patrolled by 12 men who also have other regular duties.

The plan, approved by the commissioners' ways and means committee last week, was devised to accommodate increased winter activity, said

Sheriff William Lucas.

"Activity in the parks is just as great in the winter as it is in the summer," he said. "The parks are being used more by family groups as well as unlawful groups who commit crimes and sell and buy narcotics."

In addition to alcohol and narcotics abuse, vandalism has become a major problem in the parks, Lucas said. He mentioned ruined parkbenches and the destruction of trees as examples.

"We need this additional enforcement capacity so that our parks can be utilized and enjoyed by all of our citizens," said Lucas.

The parks offer such winter recreation as skiing, sledding, tobogganing, ice skating and

use of 100 acres of ice covered lakes.

Lucas said these activities have generated enforcement problems of another kind, including traffic control and accident prevention. More than 7 million people use the parks each year, and more than 12 million vehicles travel along Hines Drive alone he said.

He said the Nankin Mills Nature Center in Hines Park is used more in winter than in summer, and that the deputies will have to enforce a ban against minibikes and snowmobiles imposed by the commissioners earlier this year.

Lucas said the patrols will concentrate their efforts in Elizabeth Park in Trenton, and along the 26-mile length of Hines Drive, which runs through Dearborn Heights, Livonia, Garden City, Inkster, Westland and Plymouth.

On an emergency need basis, the patrols will be available to assist law enforcement officials in these and other local communities, he added.

Lucas called the parks recreation program a deterrent to crime and warned that "It is important to properly police the parks so that the very place which should be preventing crime does not turn into a breeding place for crime."

Year-around park patrols also would relieve a seasonal problem at the county jail, said Lucas. It is present policy to augment the summer park patrol with officers transferred from the jail security force. They are then replaced by untrained, temporary employees, he explained.

The matter will be up for final approval at the formal meeting of the Board of Commissioners at 2 p.m. Thursday.

## Snow shoveling causes attacks

Bill Jones stomped out of the house and angrily began to shovel his driveway. He was determined not to let the night's unexpected snowfall make him late for work. Ten minutes later he had a heart attack.

Why do snow shoveling and heart attacks so often go together? It's because snow shoveling, the hardest physical labor many men do all year, puts a great strain on the heart.

The more a man shovels, the more blood his heart demands. When his arteries can't supply enough, he has an attack.

In addition, the shoveler often tackles the job in frustration or anger. This releases a stimulant into his blood stream which causes his heart to work even harder.

Snow shoveling victims are usually men in their forties or early fifties who have heart or circulatory defects which may have been undetected by physical examinations.

How can such heart attacks be prevented?

The simplest solution: If you are forty or over, don't shovel snow. Get someone else to do it or use a mechanical snow remover.

If you must shovel, take it easy. Should you tire, finish the job later. If you develop a chest pain, call a doctor, then lie down.

Always tackle snow shoveling in the right frame of mind. Don't let yourself become anxious or angry. You may be a few minutes late for work, but at least you'll get there.

## House passes mobile home bill

A bill which would give Michigan mobile home owners the same rights as apartment dwellers and other renters have been passed by the Michigan House of Representatives.

State Rep. Roy Smith sponsored an amendment to Bill HB 5079 which sets standards for licensing and regulating mobile home parks.

The bill's amendment, which halts the autonomy which mobile home park owners had in the past, passed the House in November and the Senate earlier this month. The matter was returned to the House for concurrence on some alterations. It now awaits the governor's signature.

Among the provisions of the bill, Smith said, is the requirement that mobile home park owners go through the legal eviction process to remove tenants. It also provides that other conditions of living be negotiated between the park owner and tenant, rather than

unilaterally established by the park owner.

Prior to the passage of Smith's amendment, park owners "could tow a trailer out into the street if the park owner didn't like the way a tenant parted his hair," Smith said.

## Chizmar receives citation

William Chizmar, principal at the Elwell Road Elementary School in Belleville has received a special citation by school district administrators for his "successful" chairmanship of this year's United Foundations' Torch Drive in the school district.

Chizmar had reported total contributions of \$2,684, the largest amount of money ever contributed by the Van Buren Public School District employees.

## Former paper employe promoted

A former advertising salesman for Associated Newspapers has been appointed general manager of a central Michigan newspaper owned by Panax Corp.

Bennett P. Dolan, 35, has been named to head up the operation at the Daily Record-Leader in Alma.

Dolan joined Panax as an ad salesman at the weekly Wayne in May, 1970. Later that year he moved to the Ypsilanti Press where he became assistant ad manager. Last year he was named ad manager of the Press. Earlier this year he

moved to the Macomb Daily in Mt. Clemens after Panax sold the Ypsilanti newspaper.

A native of Chicago, Dolan was graduated from New Troy (Mich.) High School and Michigan State University. He earned his bachelor of arts degree in advertising from MSU in 1969.

Panax Executive Vice-President Michael L. Dow, who made the appointment, said the advancement of Dolan completes the executive changes in the company following the promotion of former Daily Record Leader manager Martin N. Heim to general manager of the Macomb Daily on Dec. 11.

## Get 'papers' when purchasing a dog

Christmas shoppers should not be deceived by false or misleading promises that they will receive registration papers for their purebred pets.

Too often, warns the Michigan Consumers Council, consumers are told they will receive the papers later, after the sale. This "later" often means a wait of many months, even years, and sometimes the papers never arrive at all, says the council.

Mary Hellman, chief of the council's Consumer Complaint Section, says that "promised registration papers which take months and even years to arrive cause problems for pet owners who decide to sell or breed their dogs."

Mrs. Hellman advises consumers interested in buying a purebred dog to note two guidelines suggested by the American Kennel Club (AKC), an association of all breed, specialty breed and obedience clubs.

AKC says that when buying a pedigreed dog, the consumer should receive an application form from the pet shop entitling the consumer to register the dog with the American Kennel Club.

If the seller doesn't have the application forms, then the consumer should demand a written and signed statement giving the full identification of the dog, including the breed, registered names of the dog's sire and dam, the dog's birthdate, the name of its breeder and, if available, its AKC litter number.

If the seller cannot supply the application form or full identification of the dog, then the AKC advises not to buy the dog.

# Santa's flight plan revealed

"Hello, Metro Tower, Metro Tower, this is SC-1. What's the weather like in your area? Over."

"Ah, Roger, SC-1, this is Metro Tower, ah, the weather outside is frightful, but in here it's so delightful, let it snow, let it snow..."

"That's alright, Metro Tower, I get the picture, SC-1, out."

"Oh, by the way, SC-1, we have an air traffic advisory from Washington, D.C. The President wants to meet you on the White House lawn and present you with a presidential tie clasp so they've cleared traffic in that area, over."

"This is SC-1, Metro Tower, inform Washington to inform the President that I don't wear ties and he'll have to wait like everyone else for his present -- and if he wants his present, he'd better be in bed like a good boy when I arrive, over"

"We read you five by five, SC-1, this is Metro Tower, out."

This conversation, recorded at Metro airport one year ago Christmas Eve, demonstrates just how far technology has invaded Santa's annual journey.

The Federal Aviation Agency (FAA) announced recently that Santa or SC-1 (his flight designation), filed a 1972 flight plan with Point Barrow, Alaska, flight service station, the northernmost FAA station.

Neal Callahan, FAA public aviator will visit Michigan first.

The flight plan calls for Claus' aircraft to fly south from the North Pole at a cruising altitude of 60,000 feet," Callahan said. Descending slowly around

Hudson Bay and crossing the Canadian border at 34,000 feet."

Callahan said that the superior navigational equipment of Santa's Sleigh (a completely new model composed of 40 per cent dacron and 60 per cent polyester doubleknit material) really doesn't need direction by air traffic controllers.

"Santa may not need our services," he said, "but some of it he's going to get anyway." He said radar operators would be watching their screens for the wily, white-bearded elf.

When reached at the North Pole for comment, Santa declined to describe exactly his new navigational devices, saying only "if Blitzen knew, he'd probably organize a protest, like he did when I threatened to use a helicopter."

## Detroit to Tennessee

# Pilots flew ransom in recent hijacking

The Southern Airlines jet escaped with the two hijackers to Havana, Cuba, where the men were immediately taken into custody by Cuban police.

Green's body was flown to the Cardwell Funeral Home in Port Orange, Fla., for services. Burial will be in Daytona Beach, Fla.

Services were scheduled for Carroll today at 1 p.m. at Lents Funeral Home in Wayne. Burial was to follow in Cadillac Memorial Gardens in Garden City.

Vincent Stremple, the Union Oil Co. employee killed when the Zantop jet crashed, was taken to the Baker Funeral Home in Carleton.

Stremple, 55, a 27-year employee of the Union Oil firm, was to be buried this morning. Services were scheduled for 10 a.m. at St. Patrick's Church in Carleton.

The pilots killed Friday when their private jet plane failed on take-off from Metro Airport have been identified as the pilots who flew \$500,000 ransom money from Detroit to Tennessee in the November hijacking of a Southern Airlines passenger jet.

Daniel K. Green, 29, of 8551 Whitehorn, Romulus, and

Harold R. Carroll, 37, of 32548 Avondale, Westland, were identified by Zantop Airways of Metro Airport as the pilots of the Lear jet which delivered the ransom money.

Green and Carroll flew the jet, which was chartered by Southern Airlines, and the money to Chattanooga, Tenn., for delivery to airlines officials and agents of the Federal Bureau of Investigation, said a Zantop spokesman.

The plane flown by Green and Carroll was the same type which took them to their death Friday.

FBI agents said the Southern Airlines jet was hijacked by two Detroit men. The plane was taken over

after take-off and flew to Detroit where they circled Metro Airport and demanded to talk with Detroit Mayor Roman Gribbs. The jet was taken to Cleveland and on to Chattanooga for the ransom delivery.

His appointment recommended by Mayor Hyle J. Carmichael has been approved by the Romulus City Council.

Bradley succeeds Fire Chief Joseph Crova, 57, of 37054 Grant Rd., Romulus, who retired in September after

serving as Romulus Fire Chief for the last 31 years.

The new acting fire chief is married. He and his wife, Rita, are the parents of two children. Michael, 16 and Michelle, 13, both attending Romulus schools.

Bradley, who is employed by the Michigan Consolidated Gas Company's pressure department, spent two years as firemen, seven years as fire captain and four years as assistant fire chief.

He now will direct the

operation of four fire stations with a current staff of 48 men.

## In the military service

Airman David A. Mars, son of Mr. and Mrs. Bobby J. Mars, 20749 Martinsville Rd., Belleville, has been assigned to Keesler Air Force Base, Miss., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland Air Force Base, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Keesler for specialized training as a personnel specialist.

Airman Mars, a 1971 graduate of Wayne Memorial High School, attended Eastern Michigan University.

## Moose gains rezoning

A rezoning request to permit construction of a new Moose Lodge building in Van Buren Township has received the approval of the township board.

The request filed by the Moose Lodge of Belleville involved the zoning classification of a 4.9-acre land parcel located on the east side of Huron River Drive between Edgemont Street and Martinsville Road from R-1C (single family) to C-1 (general business).

The club plans to build its new headquarters across the street from its present facility.

At a public hearing held prior to the board's approval, Doug Johnson, architect from the firm of Clair Ditchy Associates of Birmingham, explained that Moose Lodge proposes to build a 100-square foot building, 1,300 feet from the road.

Johnson said, "The land site involved is where the state of Michigan Department of

Natural Resources (DNR) has a proposed boat launch with residences on the other side.

He added that there would be no renting of the facility for weddings as it is a private club. There would be no boat launching, but they would build docks so anyone coming to the lodge in a boat would have a place to dock.

The township board's approval of the rezoning request is subject to a study from the township attorney before the option is due on the property.

## From road

# Addresses should be visible

If you were to call for an ambulance, police or fire assistance right now, are you sure they could find your home?

Is your address clearly visible from either direction approaching your home?

Are the numbers, both on your mailbox and your home, large enough to be seen from the road?

These are some of the inquiries included in an educational communications on law enforcement sent to Sumpter Township residents by Police Chief Terry Williams.

"Very often these agencies spend more time locating

homes that they do in getting to the immediate area," Chief Williams said. "Time lost searching for an address may mean the difference between life and death to a heart attack victim, a suffocating infant or other sick and injured persons."

The police chief asked residents to take time to install large clearly visible numbers on both sides of mailboxes and on their homes. He suggested that residents make the color of the numbers contrast with the color of the background to which they are attached.

"We can not and will not be responsible for time lost searching for an address which is not visible or non-existent," Chief Williams said.

The communication to township residents also gave several tips to help in the prevention of home breaking and entering. They include:

- (1) If you are going away for a day or two, call police and request a periodic check of your home.
- (2) Leave some lights on inside the house. During the day leave the radio on.
- (3) Ask a neighbor to watch your home for you.
- (4) Report any suspicious activity around your neighbor's home when he is away.

## Moose notes

By BOB DOANE

Officers' meeting tonight at the Belleville Moose Lodge. Members are welcome to attend.

Don't forget the children's Christmas party Saturday afternoon.

The lodge will close at 6 p.m. Christmas Eve and remain closed Christmas Day.

The New Year's Eve dance will be from 9:30 p.m. til 4 a.m. Admission is \$5 per person. This will include food, hats and favors. Dancing music will be provided by the Shadows of Blue.

On behalf of the board of officers, I extend to the Loyal Order of Moose No. 934 membership and the Women of the Moose Chapter No. 1135 a very Merry Christmas.

## Property reappraisal urged for Romulus

A reappraisal of all properties within the City of Romulus has been requested of city council by Assessor Harold Reiner.

In presenting his request, Reiner told the council that

the city's tax computing factor keeps rising due to the fact that property value is increasing and a good portion of properties in the city are underassessed.

He added that true

reassessment within the city would bring the locally assessed values closer to the state equalized value (SEV) and decrease the factor closer to 1.00. At the present time, Reiner said, the city's factor is 1.77 and will no doubt increase for next year.

In computing assessments, the SEV is multiplied by the local factor.

He also disclosed that a number of properties in the city are being penalized because of the use of the factor, which "is why great consideration should be given to the reappraisal," he said. The council accepted Reiner's request for study.

## Career workshop is held

The Wayne County Intermediate School District presently is conducting monthly Career Education Workshops through Title 11, Guidance Counseling and Testing grant from the Michigan Department of Education.

Among the 25 school districts in Wayne County participating in the monthly career education meetings are the Huron School District and the Romulus Community School District.

During the 1972-73 school year, local action groups teams will be making visitations to model career programs in the state, as well as meeting with specialists in career development.

The career education workshops give educators an

opportunity to examine what action is needed to implement a career-oriented curriculum.

Two meetings have been held during which the school districts have formed action teams to develop plans for career education programs within their local school districts.

## Area man charged with manslaughter

A Belleville man has been charged with manslaughter in connection with the two-car crash that killed a Detroit man Dec. 11.

James W. Sliva, 25, of 11570 Beckley, was arraigned in 34th District Court in Romulus Thursday on the charge.

Sliva pleaded not guilty before Judge James B. Stone and a preliminary examination was set for June 4, 1973. Sliva was released on \$2,500 personal bond.

Wayne County Sheriff deputies said the accident was caused when Sliva's auto entered a wrong-way I-94 ramp from Haggerty Road.

Sliva's auto collided head-on with an auto being driven by Vernon Carr, 29, of Detroit. Carr's brother, James W. Carr, 34, of 18910 Maine, Detroit, suffered fatal injuries in the crash.

An earlier request by the council asked the city administration to transfer an employee from the Department of Public Works (DPW), who was hired under the federal emergency employment fund act adopted by Congress to relieve unemployment, to the dog pound.

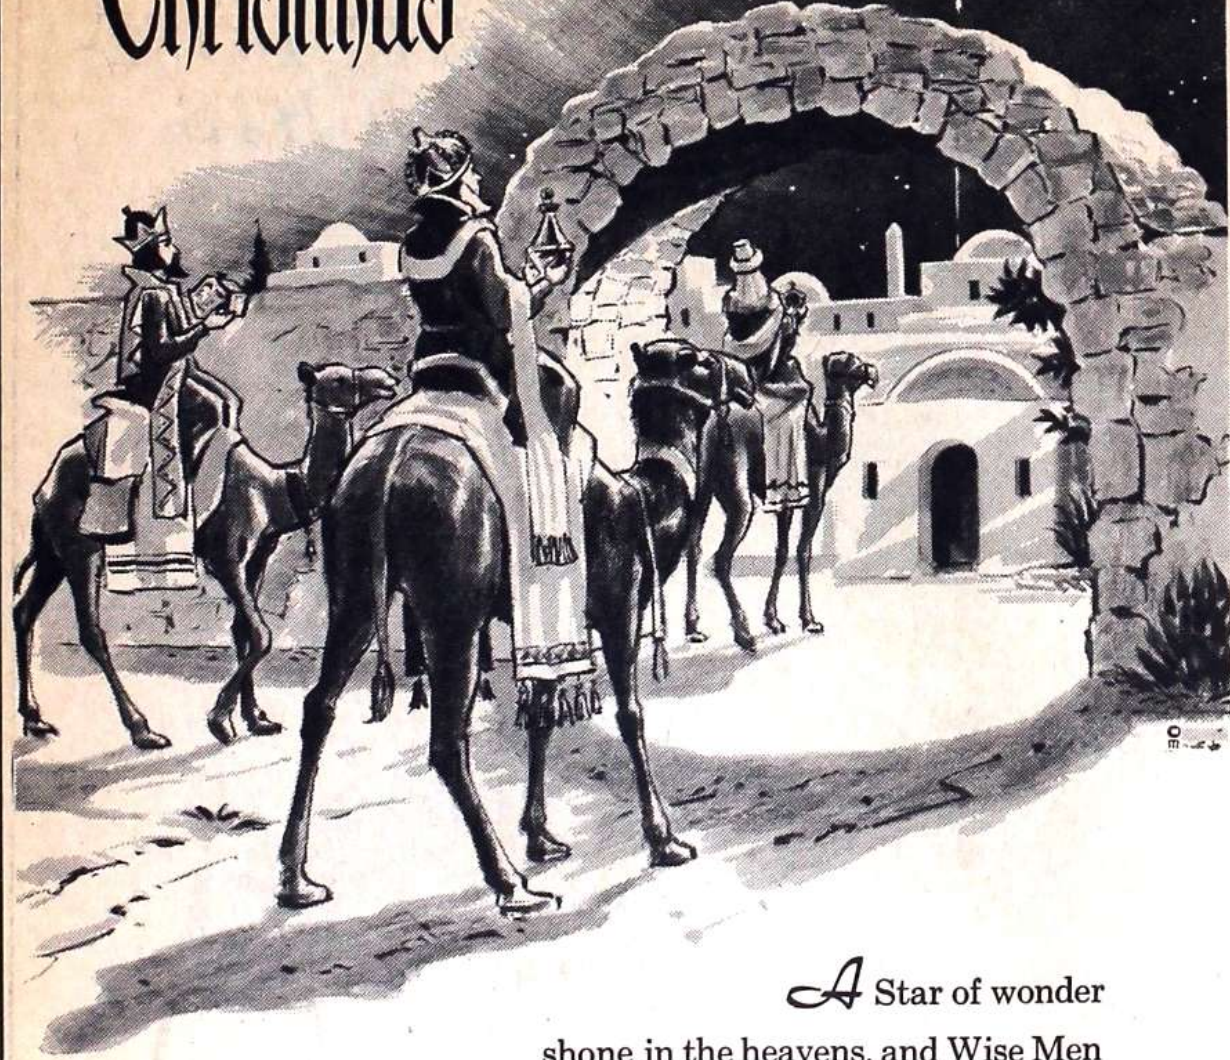

City Clerk Leonard J. Folmar told council that the DPW couldn't spare anyone as the DPW also was in need of additional help. This was substantiated by DPW Director William Pritula.

Folmar added that employees are leaving for other jobs and this added to the immediate difficulty of complying with the council's request.

Councilman James C. Stewart said the dog problem in the city is getting serious and the dog pound needs additional help. He asked that the council approve the transfer of the necessary funds (\$4,520) from the contingency fund to the animal control department. He was supported by Councilman Edmund W. Bizek.

The council approved the request by a vote of 4 to 1. Councilman William M. Oakley opposed the fund transfer.

## Holiday relish

Greet this holiday season with new relish! Serve colorful, flavorful cranberry conserve developed by the importers of Bordo pitted and diced dates. Made with fresh cranberries, nuts and imported dates, it's a perfect accompaniment for the traditional Christmas turkey.

To prepare enough for eight servings, place 4 cups of fresh cranberries and 1 cup of water in a saucepan; simmer until cranberry skins pop open. Stir 2½ cups sugar and one peeled and sliced orange in to the cranberry mixture. Simmer for 10 minutes. Then add one 8-ounce package of Bordo imported diced dates (or Bordo pitted dates, cut up) and 1 cup of chopped pecans. Stir, and simmer for an additional two minutes. Chill before serving.

### Fondue for fun

The fondue pot is a simple route to holiday hospitality. When the beef cubes are bubbling so will the conversation. Prepare plenty of steak, cut in 1-inch cubes and place in refrigerator until ready to cook along with accompanying sauces. Pour oil into fondue pot to a depth of 2 inches and place over direct heat on range and bring to 375 degrees F. Remove and place over alcohol burner or canned heat to maintain temperature. Spear steak cubes, one at a time, and hold beef in hot oil until cooked to desired degree of doneness. For rare allow approximately 1 minute; medium, 2 minutes. If oil cools so it no longer bubbles briskly when meat is added, reheat on range to 375 degrees F.

**WARM 'N SPICY** — Delight your guests with this hot spicy coffee. It's made from a rich instant premium blended coffee that is complemented with the flavors of cinnamon, cloves

brandy, orange, and lemon. This recipe makes 12 demitasse servings. Perfect for holiday snacks or served as a grand finale. (Courtesy of Instant Yuban Coffee.)

## Holiday coffee warms guests

Holiday entertaining almost requires a fancy coffee, and Cafe' Brulot is an excellent way to offer "warm" hospitality and to show your creativeness as a hostess. It's the perfect drink to serve on those chilly evenings which seem to come frequently during the holiday season. Cafe' Brulot is made with instant Yuban Coffee, which combines a rich, full-bodied coffee taste with the convenience of quick preparation.

First, the instant coffee is dissolved in boiling water and then made spicy with the addition of cinnamon sticks and cloves. Next, this coffee mixture is slowly added to a flamed brandy mixture. Orange and lemon peels add more flavor and interest to this hot coffee beverage. It's partially prepared, kept warm, and served from a chafing dish. The result is a special coffee with a party flair. Remember Cafe' Brulot when you expect holiday guests. They're likely not to forget your gracious hospitality and your great coffee drink.

### Cafe Brulot

½ cup instant premium blended coffee  
4 cups boiling water  
3 sticks cinnamon  
1 tablespoon whole cloves  
¼ to one third cup sugar  
½ cup brandy  
Peel from 1 orange, cut in strips  
Peel from 1 lemon, cut in strips

Dissolve instant coffee in boiling water. Add cinnamon sticks and cloves; let stand 15 minutes. Strain. Keep coffee hot. Combine sugar, brandy, and fruit peel in chafing dish; heat. Flame the brandy mixture. Slowly add coffee. When flame is extinguished, ladle into demitasse cups. Makes 4½ cups or 12 demitasse servings.

### Fashionable beef filets

A great and gracious way to extend hospitality to favored friends during the holidays is to have a brunch or midnight supper. By sunlight or candlelight, filet mignon leaves a lasting impression. These

truly deluxe steaks, cut from the beef tenderloin, have an established reputation as "tenderest of all." Carry on the glamour with a wine sauce.

### At Ford Museum

## Christmas as our forefathers knew it

The meaning of Christmas as our forefathers interpreted it is recaptured at the Henry Ford Museum special holiday exhibition, "The Crafts at Christmas" December 9-31. This warm and nostalgic event recreates the time when Christmas gifts were

mostly handmade with loving care and exchanged with affection.

Throughout the Museum, craftsmen demonstrate the skills of both the artisans whose special talents were greatly respected in earlier days and the nearly-forgotten arts that were once practiced in every American home.

Along the Museum's Street of Early American Shops, authentically costumed craftsmen cast pewter spoons, plates and toy soldiers, hammer and weld tin candle holders and cookie cutters, shape pottery mugs and bowls on a foot-operated wheel and blow fanciful glass Christmas ornaments.

Nearly others demonstrate such essential home arts as rug hooking, candle making and quilting, recalling the holiday activities of many early American homes. Little girls will be delighted with the dollmaker's ingenuity in using rags, socks or corn husks to create lovable dolls. The woodcarver's life-like soldiers and animals will intrigue little boys. Freshly baked cookies, cut in traditional Christmas shapes, will be appreciated by all ages.

As these and other craftsmen work, the sound of Yuletide music of other eras fills the air. From time to time, visitors hear concerts of traditional music played on antique instruments from the Museum's collection.

As a special treat for consistently balanced children of all ages, a display nutritionally than most of antique electric model people's!

trains is set up in the Special Exhibit Area. Taken from the Museum's collections, they are larger than more recent types and are complete with stations, bridges, lampposts and crossing bridges — all made before 1930. Because of the age and rarity of the trains, they will be operating only periodically.

In a final bit of nostalgia, the Museum will be decked with the intriguing and often quaint Christmas decorations from out of the past.

Families today can experience the kind of Christmas their ancestors knew at the Henry Ford Museum "Crafts at Christmas" at no additional charge beyond the regular Museum admission of \$2.25 for adults and \$1.00 for children 6 through 14.

### Better 'n ever

Beef cuts more tender than ever before, and on a more consistent basis, are being produced by today's modern beef industry. Better nutrition and management practices that result in the better-fed cattle now being marketed are responsible for this higher eating quality. Dramatic changes have occurred during the past 20 years, prior to which most cattle were fed on the range. Now, most beef cattle are finished in highly specialized feedlots where they get scientifically calculated diets that are more

There are still so MANY simple-to-make Gifts ... and, for the person who likes to sew ... there's the **GIFT of a Pattern and Fabric** ... seldom given, but always appreciated! **GRAZIELLA'S** is SO much more than "just" a little Fabric Shop, however ... that it's a great Christmas boon to the Home Maker! Here you have a totally **FREE "Problem Clinic"**. Here, they offer Fitting ... Restyling ... Alterations ... Dressmaking ... Tailoring ... and many years of experience to help them understand your own Sewing needs, and to serve you infinitely better. Do you know which style flatters your bustline, yet another is best for the hips? They'll combine them BOTH, in a Custom Design. You choose the Fabric and Price! You can even do the Sewing. They'll assist you ... **FREE**. OR they'll Sew it for you.

• **THE DAY** they opened the doors, we "flipped our Wigs" for **CARL'S CORNER**, 24000 Plymouth Rd., at Telegraph! We eventually came to own 12 "Pieces" (Wiglets, Falls, Cascades, a Switch and a variety of lengths!); the last 11 from Carl's, for the price of the first ONE. After all, Carl's Corner, is a World of Wiggy! Here was the first "Elura" we saw in Michigan. Here was the 1st "Capless" we ever tried. HERE, at Carl's, we saw for the very first time, **MENS HAIRPIECES** that look more natural than the ones they were born with! We were around when **Designers Sample Dresses** came on the scene. And when **Womens Shoes in Famous Name Brands** became another of Carl's famous offerings! We weren't even surprised when they followed in line with the **Mens & Womens Wigs** ... Sample Clothes ... and a smattering of other elegant Gift Items at 50 percent OFF the price we'd shopped them out at, in leading Dept. Stores! If you're at your wits end for how to give "Him" something that'll put the spring back in his walk ... walk him into Carl's Corner. Maybe you'll find a new look for HIM ... maybe he'll find one for YOU! Carl Kocis makes people look and feel GREAT!

Belleville Chapter 1135: Social service chapter night, with chairman Shirley Gregg and her committee, was a success. Her speaker for the night was Phyllis Blanch who gave a short talk on social service and what it means and stands for. We also had seven new co-workers join our defending circle: Peggy Davis, sponsor Rita Green; Loretta Salo, sponsor Peggy Reese; Mary Smith, sponsor Francis Melick; Lucille Eversale, sponsor Martha Morton; Barbara Cripps, sponsor Sue Hopson; Glorie Johnson, sponsor Elsie Parry; and Molly Berger, sponsor Shirley Green. Refreshments were served after the meeting.

Co-workers, we have a small project going for the Van Buren Convalescent Home for Christmas. We're asking for your help in giving any small item, bobby pins, tooth brushes, combs, bath powder, perfume, hair nets, etc. Do not wrap them, just drop them in the shopping bag at Moose Home.

Don't forget the Moose children Christmas party Dec. 23 at 1 and 3 p.m.

Tickets are being sold for the New Year's Eve party Dec. 31. You can get them at Moose Home. First come first serve. They'll go fast as New Years gets closer.

MR. AND MRS. ROBERT RITTHALER

At St. Paul's

## Diane Ping is bride of Robert Ritthaler

In a recent double ring ceremony at St. Paul's Lutheran Church of New Boston, Diane Ping became the bride of Robert Ritthaler. The Rev. Daniel Richert conducted the five o'clock nuptial rite before an altar appointed with two bouquets of white gladiolas and carnations.

Mr. and Mrs. Homer Ping of 20550 Gentz Road, Belleville, and Mr. and Mrs. Donald Ritthaler of 14361 Wahrman Road, Romulus, are parents of the young couple.

Given in marriage by her father, Diane appeared in a traditional white gown designed with a scoop neckline and bishop sleeves on a Chantilly lace bodice. The full, hooped skirt of white satin was made with a wide insert of lace at the front.

A matching lace cap secured the bride's full-length veil and a bouquet of white carnations and roses completed her ensemble.

CAROLYN HALL of Flat

Rock, the bride's only attendant, donned a formal gown fashioned with a red velvet bodice and pink satin sleeves and skirt.

Best man was Dennis Garland of Romulus with Terry Garland and a cousin of the bridegroom, Gary Ritthaler, serving as ushers.

Mrs. Ping chose for her daughter's wedding a fuchsia gown with harmonizing accessories. The bridegroom's mother wore a purple formal. Both were presented with

corsages of white carnations and roses.

The newlyweds, who honeymooned at Weber's Inn, Ann Arbor, are making their home at 14361 Wahrman Road, Romulus.

A graduate of Huron High School, the new Mrs. Ritthaler is employed at Daly's Drive-In, Romulus. Her husband, a graduate of Eastern Michigan University, is currently serving with the U.S. Army Reserves at Fort Jackson, South Carolina.

## Babies need safe toys

Babies do not need many toys, but they do need safe ones, says Jeanne Brown, child development specialist at Michigan State University.

To be safe, toys for babies should be:

—Sturdy enough that they will not splinter or break.

—Large enough that the child cannot swallow them.

—Without sharp points or edges.

—Without parts that can come loose to be swallowed.

—Painted with paint labeled lead-free or nontoxic.

If you are buying toys, examine them for these qualities, Mrs. Brown advises. Remember that children are curious. They will poke into any opening, pull at any projecting part, throw anything they can lift and put anything into their mouths that will fit. It is up to you, the parent, to protect them from the hidden dangers they cannot understand.

## Meaty appetizers for an open house

The holiday season is a natural for entertaining. 'Tis the season to be jolly, and too comes naturally when you open your heart and home to welcome friends and neighbors.

Exercising hospitality at an open house is easy. This type of casual get-together relieves Christmas spirits that often are extinguished in the seasonal hubbub.

An open house party is a bustling time requiring a relaxed hostess with a cool head. Since she must wear several hats, party-time work must be kept to a minimum. The secret to success in this is planning, says Reba Staggs, National Live Stock and Meat Board home economist. With careful selection of recipes for inviting appetizers, practically all the food preparation can be done ahead of time.

Beef, a favorite for appetizers as well as entrees, offers variety. Slices of roast beef, spread with a novel filling and rolled, make tasty tidbits, while cubes of roast beef make delicious dippers. Economical ground beef also can be used to provide provocative appetizers that add interest to the table. Beef and Pearls is but one possibility.

### Beef and Pearls

1 pound ground beef  
1 teaspoon salt

1/2 teaspoon pepper  
32 small pickled onions

Combine beef, salt and pepper. Shape into balls, using about 2 teaspoons seasoned ground beef for each. Alternate 2 balls and 2 onions on each of 16 wooden skewers. Place in shallow baking dish. Bake in slow oven (325 degrees F.) 15 to 20 minutes. Serve hot with Zippy Sauce.

### Zippy Sauce

1 cup catsup  
2 tablespoons prepared horseradish

Combine catsup and prepared horseradish, blending well. Serve hot or cold.

### Garden Beef Rolls

18 to 20 thin slices roasted beef sirloin tip  
2 packages (3 ounces each) cream cheese  
1/2 cup grated cucumber  
1/4 cup grated radishes  
2 teaspoons onion salt

Soften cream cheese, add cucumber, radishes and onion salt. Spread on slices of cold

roast beef allowing about 2 teaspoons for each slice, roll up slices, wrap and chill. To serve, cut rolls in halves or thirds, depending upon length, secure each piece with small wooden pick and arrange on platter. Yield: Approximately 3 to 4 dozen rolls.

### Cubes and Creamy Dip

2 to 3 pounds cooked roast beef  
1 pint dairy sour cream  
1 envelope (1/2 ounces) onion soup mix  
1 teaspoon Worcestershire sauce

Combine sour cream, onion soup mix and Worcestershire sauce and chill 1 hour or more. Cut beef in 1/4 to 1-inch cubes, cover and chill. Serve cubes with dip.

### Let rib eye rest

For easy carving and attractive servings, it is best to let a rib eye roast "set" for 15 to 20 minutes before carving. Simply place the roast on a board or platter of adequate size, hold it firmly with a fork and carve across the grain into slices of desired thickness with a sharp knife or electric knife. Carving across the grain means simply carving from the top of the roast down to the board when it's a boneless rib eye.

Mrs. Jack Tennis (nee Carole Ann Reavis) received her nursing degree recently from Henry Ford School of Nursing in Detroit. The daughter of Mr. and Mrs. Aaron Reavis of 44675 Robson Road, Mrs. Tennis and her husband reside in Pontiac.

At the present time she is employed in the operating room at Henry Ford Hospital.

### New additions

Saute chopped onion and green pepper in bacon drippings and add to pork and beans when you are heating them.

## A THOUGHT TO REMEMBER

BY HAROLD REDISKE, DIRECTOR

The circumstances of Christ's birth in a manger, the miracle of the Star of Bethlehem, the three wise men and their gifts, are only a prelude to the spiritual reality of Christmas.

It takes the complete story of His life, from birth to crucifixion, and particularly His three short years of ministry, to reveal the entire spiritual reality of Christmas. At Christmas we of course honor the Man who was born on Christmas. (It actually was not on that date, but that is unimportant ... We still celebrate His birthday) ... We dishonor His birthday with monstrous sham and artificiality, if we accept Him and His teachings on Christmas and reject Him a day or week later.

The spiritual reality of Christmas is really a story about a way of life. When we scuffle His way of life and refuse His presence in our hearts on other days, we dishonor Him — and ourselves. Our sincere Christmas wish for all of you who read this is that you have a Very Merry Christmas on December 25 — AND the spiritual reality of it every day thereafter. ...

## Emerson-Cooper vows read in E. Lansing

St. John's Student Parish in East Lansing was the setting December 16 for the afternoon ceremony which united Merlinda Louise Cooper and Richard R. Emerson in holy matrimony. The Rev. Duane Doherty, OFMC, conducted the two o'clock nuptials.

Parents of the young couple are Mr. and Mrs. Charles Cooper of Whitehall and Mr. and Mrs. Justin Emerson of Belleville.

For her wedding day, Mindy selected a toe-touching creation of ivory faille taffeta designed with elbow-length leg o' mutton sleeves outlined in Venise lace. The little fitted bodice also featured self buttons from the high lace collar to the lace-encircled waist.

Complimenting the A-line gown was a full-length illusion veil which cascaded from a matching lace Camelot headdress. Complementing her bridal finery was a single white poinsettia accented with long ivory streamers.

THE BRIDE'S two attendants were Jill Cassette of Whitehall, the maid of honor, and her sister, Anne Marie Cooper. Their holiday-mode costumes were sheer white, old-fashioned blouses piped in red, and long green felt skirts each appliqued with a spray of poinsettias fashioned of tiny pearls and green beads. Their bouquets were comprised of single red poinsettias.

Rick asked his brother, William J. Emerson of Belleville, to serve as best man. Larry Peterson of Gulliver doubled as groomsman and usher with the bride's brother, Timothy Cooper, as usher.

For the occasion, Mrs. Cooper donned a long red, A-line frock while Mrs. Emerson chose to wear a long multi-colored gown. Both mothers were honored with carnation corsages touched with holly.

SPECIAL GUESTS at the wedding were the bride's fourth grade students from the L. H. Bailey School in East Lansing and their parents.

Some 75 relatives and friends attended the reception and buffet luncheon which followed in the ballroom of the Hospitality Motor Inn at East Lansing. The newlyweds later departed for a motor trip to Washington, D.C.

The new Mrs. Emerson was graduated from Whitehall High School in 1969 and from Michigan State University this past August. She holds a B.S. degree in elementary education and teaches at the L. H. Bailey Elementary School.

Her husband, an alumnus of Belleville High School, is in his final year at Michigan State.

The senior Emersons entertained at the rehearsal dinner December 15 at the Holiday Inn at Lansing.

# Pre-holiday dinners, reunions take place

By MRS. JOSEPH SPRING  
OX 9-4021

On Sunday, December 10, Mr. and Mrs. Thomas Stevens and daughter, Suzann, motored to Morenci where they were dinner guests of Mrs. Steven's mother, Mrs. Chester Shaup. The occasion was in celebration of Mrs. Steven's birthday.

Mrs. Zula Davis of Manchester, Tennessee, has been a guest this past week at the home of her sister and husband, Mr. and Mrs. Clyde Woods, of Belleville Rd. and other relatives.

On Monday evening of last week members of Unit No. 8 of "Moms" of America enjoyed dinner together at a local restaurant and then met at the Bedell St. home of Cora Bradshaw for their business meeting and filling of bags to be taken to the Veteran's Hospital in Dearborn.

Rev. Roger Arnett has been a patient for the past two weeks at Beyer Hospital, Ypsilanti. Mail may be addressed to him in Room 311.

R. G. Atyeo (Reg.) of Church St. has been a patient for the past 10 days at St. Joseph Hospital following surgery performed on Thursday, December 7. He is doing nicely and hopes to be home soon.

Mr. and Mrs. Herbert Plegier of St. Clair Shores were Wednesday guests of the latter's sister and husband, the Paul Clarks of Liberty St.

The December meeting and annual Christmas party of the Past Matrons' Association of Belleville Chapter No. 73, O.E.S., was held at the home of Past Matron Wilma Tator of High St. on the 7th.

Present for the 12:30 luncheon, served by four ladies from the United Methodist Church, were 20 members. The short business meeting was conducted by the President, Pauline Quinley, with the chaplain, Ada Sager, having devotions in keeping with the Christmas Season.

Three activities with a gift exchange provided entertainment for the afternoon. The house was gaily decorated and hand-crocheted Christmas bells were favors at the table.

The January meeting will be at the home of Past Matron Bedia Woods on Belleville Rd.

On Sunday of last week Mrs. Elda Bohl of Robson Rd. was in Marshall to attend a reception honoring Margo Knapp who is a recent graduate from Western Michigan University at Kalamazoo.

Mrs. N. H. Booth of Gaithersburg, Maryland, has been spending some time at the Atyeo home on Church St. while her father has been hospitalized.

Mr. and Mrs. Roger O'Berry of Fenton were dinner guests on Sunday of last week of the latter's parents, Mr. and Mrs. Paul Clark, of Liberty St.

Mr. and Mrs. Lloyd Orr and son Lanny, of Harmony Lane, Mr. and Mrs. Larry Orr and small daughter of Wayne, and Mr. and Mrs. Gary Vaughn of Taylor journeyed to Vassar last Sunday where they joined other members of the Johnson family for their annual family Christmas dinner and gift exchange held at the Veteran's Hall in Vassar.

Other family members were present from Mansfield, Ohio, Gladwin, Saginaw, Flint, Davison, and Millington.

On Sunday of last week Mr. and Mrs. Russell Wilson of Elwell Rd. attended the Christmas reception held at Stockwell Hall in Ann Arbor as guests of their daughter, Janice. Guests were entertained by the University of Michigan Mens Glee Club. Carols were sung by all and cookies, punch and coffee were served.

A one-time Belleville resident, Mrs. Kate Simpson, mother of Mrs. Cyril Amerman, of Cogswell Rd., is a patient at Annapolis Hospital, Wayne, recovering from a broken hip received in a fall.

Mr. and Mrs. Clayton Saunders of Liberty St. entertained at a pre-Christmas dinner last Sunday for Mr. and Mrs. Wallace Saunders of East Detroit, and Mr. and Mrs. Lynn Saunders of Fraser. Lynn has just returned from a business trip to Brazil, S. A.

Members of the senior choir of the First United Methodist Church enjoyed a pot-luck dinner and Christmas Sing at the home of Sharlene Tator of High St. last Thursday evening.

## Home Arts Club has holiday gala

Thirty-five members of the Home Arts Club gathered at the Church Street home of Sharon Matthews Monday evening, December 11, for their traditional holiday party.

Entertainment was planned by Bev Sparrow and her program committee, Eula Haft, Judy Mendel and Carolyn Hyde, and included two pencil and paper games with prizes going to Audrey Tabor, Lee Smith and Charlotte King.

Mrs. Doris Roe, a member of the Van Buren Schools Board of Education and a former teacher at Belleville High School, was invited to give a reading, her selection being "The Littlest Angel."

Twelve members of the North Junior High School choir, under the direction of Mrs. Kathy Thueme, led the group in a round of Christmas

carols and also presented several selections of their own.

Two kinds of punch, in green and red, were served throughout the evening with a do-it-yourself salad bar highlighting the party. The club officers, Dorothy Florian, Elaine Gutierrez, Avis White, Audrey Tabor, and Barb Forsyth, prepared the luncheon which also featured tiny homemade rolls, assorted nut breads and crackers, relishes, and a champagne-sherbert dessert.

The lovely centerpiece - pink and white variegated carnations, holly, pine sprigs, a Santa Claus and tiny gifts, and felt candy canes - was awarded as the door prize, Virginia Turney being the lucky winner.

The first meeting of the new year will be held January 8 at North Junior High School with an attorney from Ross and Ross as guest speaker.

## Longhorns are short on beef

The much talked of Texas Longhorns, popularized in fact and fiction of the old West, were cattle of Spanish extraction not noted for their beef.

Starting about 1600, cattle were brought over as work and milk animals in connection with the chain of Christian missions which the Spaniards had established. By 1833, the missions owned about 424,000 head of these cattle, many of which were semi-wild. They had little commercial value except for their hides. Today, only a few Longhorns remain, and they're used for show and novelty purposes, not for beef on the table.

## For dieters

# Low-cal chicken

In Grandmother's day, the family holiday feast was almost as important as the children's anxious wait for Santa.

Those were the good old days. No one gave a second thought to what the ensuing feast would do to waists, hips, and other pound-collecting places. Excess calories were worked off chopping wood, harnessing the horses, and cleaning the barn.

Just one average helping of grandmother's feast meant about 2500 calories. And who could stop with just one?

We still do some hearty eating during the holidays, but gone forever is the strenuous life that burned those calories up. 2500 calories is more than a full day's ration for the push-button generation, so holiday eating requires cutting down at other meals to avoid becoming as chubby as Santa himself.

Science has provided the best way of doing this with a variety of specially formulated diet meals that have been proven effective in well regulated clinical tests. But even science, it seems, can be improved with a woman's touch.

The newest diet preparations might be pretty delicious by themselves, but you can apply simple recipes like the following to turn them into feasts as festive as grandmother's - but without the calories.

### CHICKEN HOLIDAY

## Church merger to be celebrated

The official merger of the Romulus United Methodist Church and the New Boston United Methodist Church into one church, the Community United Methodist Church will be celebrated at a Christmas Eve service to be held in New Boston. The uniting service of Holy Communion will begin at 7:30 p.m.

As part of the merger ceremonies, the adults will present membership books to the youth of the church symbolizing the placing of the future of the church into their hands.

There will be special Christmas selections by the church choir under the direction of Mrs. Ada Scott of Romulus, with

Nancy Fuller of New Boston supplying the organ accompaniment.

A candlelight ceremony will mark the closing of the service, with each parishioner receiving a small individual candle to light from the main candle on the altar.

The United Methodist churches of Romulus and New Boston voted to merge on Oct. 19, and to call the united church the Community United Methodist Church.

The two congregations also voted to begin building a new church structure in the near future near the boundary of the two communities. Meanwhile Sunday services are being held at the Romulus church on Olive Street.

## Chamber plans to invite Romulus officials to meet

The Romulus Metro International Airport Chamber of Commerce is planning to invite Romulus city officials to a meeting to discuss topics related to the city.

Mrs. Dolores Ristow, director and secretary of the chamber, said the planned meeting will be programmed for the early part of 1973.

The purpose of the proposed session is to help the chamber better understand council

functions, problems in Romulus and to be generally more informed on how the chamber can strengthen itself to the benefit of its membership and the Romulus community, Mrs. Ristow said.

"Hopefully the chamber will be better informed in areas of trying to stimulate interest and growth in Romulus and in attracting more competitive business in the area," she added.

Among the many questions the members of the chamber are interested in having answered are:

—What effect does the airport have on the City of Romulus?

—What plans has the city for the acquisition of additional recreation facilities?

—Is the city going to have a specific weed cutting program enforced before the time needed?

—Does the city plan to continue beautifying Romulus with more street paving as was recently completed on Grant Road?

—How many liquor licenses have been put to use since their recent issue by the city

council?

—What tax base is anticipated from the new bars?

—Does the city plan to investigate the possibility of future programs to clean up depressed areas such as: Smith Road, Wayne Road and the area known as downtown Romulus?

—What could be done to shorten council meetings to make attendance of business and residential people more inviting?

—What parliamentary procedures are followed by the city council at its meetings?

—How can the chamber be a better asset in the Romulus community?

## Annexation plan opposed

The Van Buren Township Board of Trustees is expected to take formal action next week on opposing the recent decision of the Michigan State Boundary Commission to annex 43 acres of land to the City of Belleville.

Township Supervisor G. Elton Gollwitzer disclosed that the decision has been discussed at township board level and that formal action in the form of a resolution is expected opposing the boundary commission's action.

The commission decision, which was handed down Nov. 1 and became effective Nov. 6, provided a 60-day period to the township for further action relative to the decision.

Gollwitzer, recently stated that he and township officials "feel that there was no justification for the boundary commission to make such a ruling."

The supervisor had reported that the annexation matter

had been previously discussed with the township board and added that the complicated legal description on involved land warrants an engineering study, which had been ordered.

The annexation petition was filed by the Van Buren Public School District on the recommendation of Superintendent Dale E. Kaulitz.

In its petitions to the commission, the Van Buren Board of Education sought an annexation of township property encompassing portions of the Belleville Senior High School building, the high school vocational trade center grounds and the administration building.

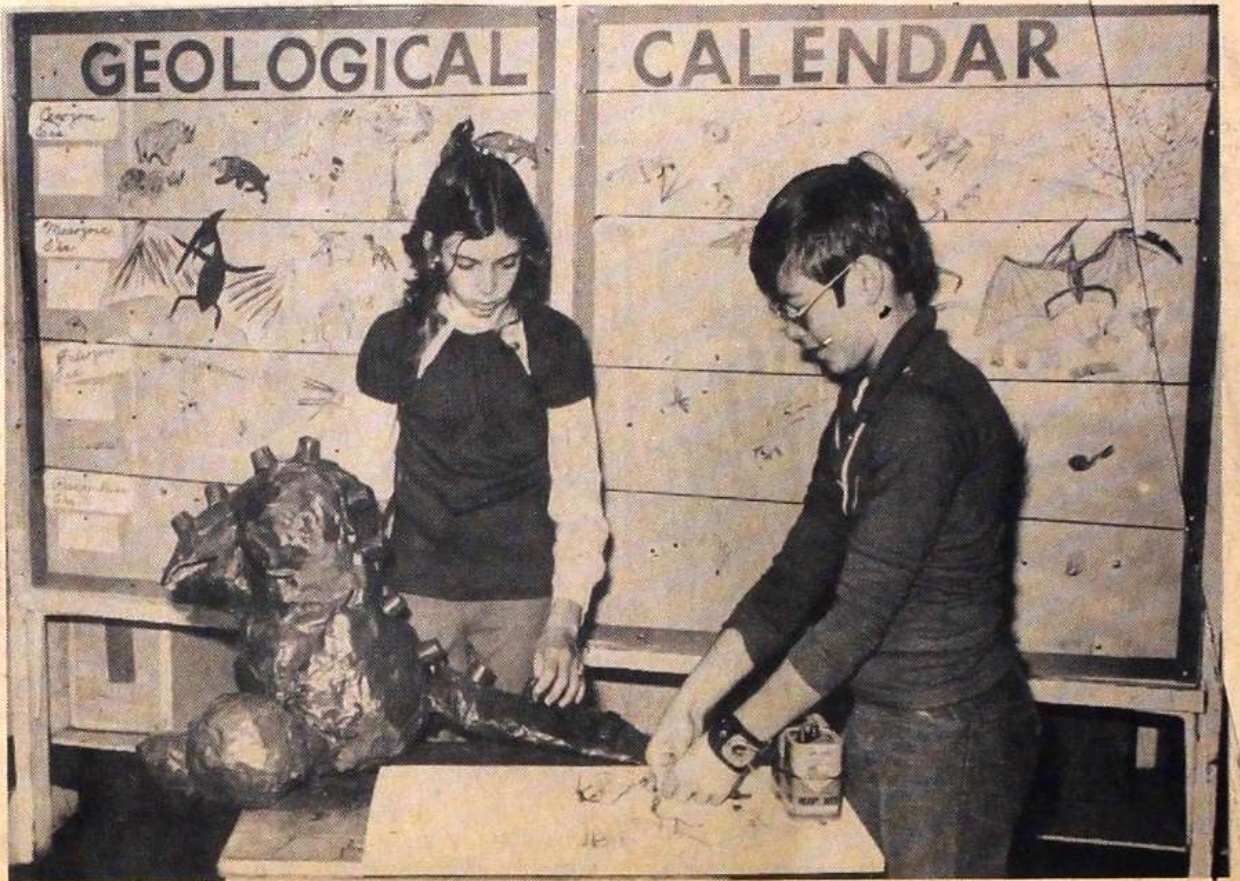

The school board petition was approved by the boundary commission with a few minor adjustments.

The major reason for the school board's annexation request, according to Kaulitz and school board attorney John MacDonald, was to improve police and fire protection and to eliminate possible double sewage rates for the high school, thus saving more than \$1,000 annually.

**PROGRAM DEVELOPMENT** — Officials of the Romulus Metro International Airport Chamber of Commerce confer with Michigan State Chamber of Commerce official C. Froham Johnson (second from left), principal speaker at the local chamber's recent dinner meeting. With Johnson are

(from left) Richard Mach, chamber director; Mrs. Dolores Ristow, executive secretary and director of the local chamber; Edmund Galazka, chamber director; and second vice-president; and Bruce Osborne, chamber director.

**SCIENCE PROJECTS** — Two sixth graders at Romulus Special Education Center make final inspections on their science class projects. Susan Winter (left) shows her paper mache dinosaur while Ricky Boatright works on his battery-

powered electrical current system. The students were given various long-range science project assignments which were recently displayed in the classroom by the students.

## Plan Vietnam calls

Michigan Bell has advised relatives and friends of servicemen in Vietnam to plan ahead for overseas telephone conversations during the Christmas holidays.

"The most effective way to reach that friend or relative in Vietnam is to arrange to have him or her place the call from there," said Eugene L. Greek, local Michigan Bell manager.

Greek said reaching a

particular serviceman quickly by calling from the U.S. is almost impossible because he is likely to be on duty or hard to locate.

Because of those difficulties, arrangements have been made again this year to permit servicemen to call home when most convenient for them.

The U.S.O., the military, the Bell system and communications people in South Vietnam, Hong Kong and Guam will be part of a coordinated effort to simplify calling and allow the maximum number of service personnel to call.

During the Christmas season last year, the Bell system completed almost 1,500 calls a day for military personnel calling home from Vietnam.

"Since Christmas is on Monday this year," he said, "Saturday would be a good day for calling to avoid the rush of Christmas Eve and Christmas Day."

He also advised families and friends of Americans stationed in other Southeast Asian countries to make similar arrangements.

Vietnam is 13 hours ahead of Eastern Standard Time.

## Bus shelter plan studied

The construction of 10 school bus shelters in Sumpter Township is being considered by the township board of trustees.

Formal action awaits a report from the township building department which has been instructed to study the proposal in determining what is necessary under the township building code.

Township Clerk Clarence J. Hoffman Jr. requested the building department to study the proposal. He was supported by Trustee Noah Folks who will report the building department's findings at the next board session.

**Joyous Greetings**  
May the joy of Christmas be yours!  
Many thanks for your friendship!

## Liquor license transfer okayed

A request for transfer of a Class C liquor license with an official permit for after-hour bowling and service of food filed by Raymar Inc., 46255 Willow Run Expressway, Belleville, has been approved by the Michigan Liquor Control Commission (MLCC).

The approval, subject to verification, also provides an official permit for sale, service and Sunday sales of alcoholic beverages on the concourse (two bars). The transfer is from Lodge Lounge and Lanes, Inc. of Belleville.

## Romulus takes bids on grader

On the recommendation of Department of Public Works (DPW) Director William Pritula, the Romulus City Council has authorized the taking of new bids on the purchase of road grader for DPW operations.

Pritula told the city council that a sacrifier (loosen soil

without turning it over) that was included in the initial bid proposals received by the city is not needed because the DPW is not in the construction business but does road maintenance.

The new bid specifications will exclude scarifier equipment.

## JA head named

Richard L. Terrell, executive vice-president in charge of the Car, Truck, Body and Assembly Division, General Motors Corporation, will head up the 1973 Junior Achievement of Southeastern Michigan (JA) fund drive.

The drive opens Feb. 1 and concludes March 13.

As general chairman, Terrell will direct the activities of a team of 750 volunteer fund raisers from business and industry throughout the six-county area of Wayne, Oakland, Macomb, Washtenaw, Monroe and Livingston.

Businessmen and women

will be seeking financial support of the JA program of economic education for teenagers. Money raised will be budgeted to operate and expand the 26 JA business centers that have served up to 8,000 high schoolers annually since Junior Achievement came to Southeastern Michigan in 1949. Particular emphasis in recent years has been on an expanding inner city program.

Terrell has been an active supporter of Junior Achievement, serving as a unit chairman in the 1972 fund drive that raised \$471,856 in a six-week period. It is anticipated that this figure will be topped in 1973.

## Building department issues 41 permits

The Romulus Building Department issued 41 building permits in November for an estimated construction cost of \$495,062.

The November building operations were down when compared with 83 building permits issued in October with an estimated construction cost of \$1,308,556.

Building permits fees amounted to \$2,557 in November against \$6,143 collected in the previous month, according to Building Inspector Clayton W. Meldrum.

The department issued a total of 159 permits and collected \$10,429. This compares with 258 permits and \$11,353 in October.

Building permits issued last month included permits for: an addition to Hertz Rent-A-Car System at Detroit Metropolitan Airport, \$12,000; interior alteration at the L.C. Smith Terminal (Delta Airlines) for the Wayne County Road Commission at the Detroit Metropolitan Airport, \$60,552; A brick and block commercial building at 9267 Wayne Rd. for the A.R.A.

Development Co. of Livonia, \$41,600.

Also included was an addition to a building at 7105 Merriman Rd. for Earl Jacox of Belleville, \$3,000, and an addition and parking lot at 9601 Middlebelt Rd., for the Airport Terminal Parking Inc. of Southfield, \$50,000.

The heating department issued 18 permits and collected \$179 in fees. The electrical department issued 73 permits and collected \$1,819 in fees and the plumbing department issued 20 permits and received \$210 in fees.

## Romulus approves building

A building permit for the construction of a new office building by Airlines Parking Inc., 8325 Merriman Rd., Romulus, has been approved by the Romulus Building Department.

The new office facility will be a one-story structure, 35 feet by 122 feet in size. The estimated construction cost is \$79,500.

## Troop 231 to hold party

Boy Scout Troop 231 sponsored by the Trinity Episcopal Church of Belleville will hold a "Roaring 20's Party" at the North Junior High School in Belleville from 8 to 11 p.m. Jan. 20.

The Belleville High School Jazz Band and the high school's barber shop quartet will perform at the party.

## Jaycees collect donations

The Romulus Jaycees will be placing March Of Dimes canisters out through the community in hopes of getting financial help for medical research.

The Jaycee March of Dimes project generally runs for about 60 days. Canisters will be removed in February.

**Santa will answer**

The boys and girls of the Romulus area who write to Santa Claus this year can expect a reply from the old gentlemen.

This year Santa, with the help of the Romulus Jaycees, will answer the cards and letters he receives.

Upon receiving letters, Santa will dictate a reply and the Jaycees will see that the replies are mailed.

Santa does not promise children that they will receive all their wishes, but he does have some friendly words for each and an admonishment to continue good behavior.

Chairman Ron Collins announced that the boys and girls wishing to hear from Santa should mail letters to Santa Claus, P.O. Box 35, Romulus, 48174.

## Romulus Dems set dance

Plans have been completed for the Romulus Democratic Club's biggest social event of the year — the New Year's Eve Dance.

The dance will be held at the Romulus Progressive Hall, at 11580 Ozga Rd., Romulus, from 9 p.m. until 4 a.m.

Tickets are \$17.50 per couple and include breakfast. Dancing music will be provided by "The 4 Clefs," a popular combo from Dearborn Heights.

Tickets can be purchased by calling Dick Butz at 941-0154, Jack Trumble at 941-3513 or Fred Williams at 728-2689.

## Students to get degrees

Among the candidates for degrees at winter commencement exercises at the University of Michigan in Ann Arbor are three area students.

The students are:

Dean W. Lucier, 303 Edgewood Dr., Belleville, who will receive a master of science degree in computer and communication services.

Marsha Sue Smith, daughter of Mr. and Mrs. Charles E. Egbert, 8380 Wahrman Rd., Romulus, who will receive a bachelor of arts degree in education.

Bruce R. Weber, son of Mr. and Mrs. Anthony Weber, 6950 Niagara St., Romulus, who will receive a bachelor of business administration and real estate.

## Invalid needs wheel chair

There is an urgent need for a wheel chair for George Daniels, 61, of 14432 Fellrath, it was reported Monday.

### Bachelor's Club sets annual tea in library

By SUE MAIANI  
The Bachelors Club will hold its annual tea in the high school library from noon to 2:30 p.m. Friday. All past graduates of Huron High School are invited to attend. Much planning has gone into this year's tea.

The Ski Club has been planning its first ski trip of the year. This year, the club is going to visit Alpine Mountain. Any student who wants to join the club is welcome. The fee is \$5.

The class of 1973 is on the move this year trying to raise

money of its activities.

The class has had two bagel sales and is in the process of selling pins.

The class is not planning a trip. Money earned will be used for the senior prom.

The charity drive started by John Hampson turned out to be a great success and brought pride to the students at Huron.

Last Friday, Mr. Hampson was the main attraction at the school assembly. He said in November that he would shave his beard and mustache if the student body raised \$1,000, which would be turned over to the muscular dystrophy program.

Even though only \$600 was collected from various clubs, classes and students, Mr. Hampson kept his word. He only shaved off his beard because half the goal was reached.

Tim Slomers, a senior, was chosen by the student body to "do the honors" and shave Mr. Hampson.

### Lit Club is busy

By TOM KETCHUM  
The Literature Club is busy this month. Included on the club's agenda is the initiation party, the baking of dozens of cookies to take to the residents of the Van Buren Convalescent Home, and the making of plans for next year.

To say, Mrs. Kelley and Co. is busy, is an understatement.

Congratulations is extended to the Belleville High School Choirs. The choir presented "The Christmas Story" Sunday. Hats off to a job well done.

The last official function of the Belleville High School Band is the Christmas party tonight.

On behalf of Barb and

### 2 area students initiated

Among the 86 new members who were initiated into the Stoic Society of Eastern Michigan University (EMU) at its recently held 64th annual banquet were two students from Belleville.

Initiated were Gaeney Kozma, 768 E. Huron River Dr., a sophomore English literature major, and Carol Schank, 35 Clarence St., a junior, child literature-social science major.

The Stoic Society is EMU's oldest honorary society. It was established in 1909 by J. Stuart Lathers, head of the oratory department.

Members are selected on the basis of high scholarship and initiative rather than passive ability in class.

### School vacation set

Christmas vacation for Romulus Community School District's students will begin on Friday. Classes will resume Jan. 2.

Government offices in the City of Romulus will be closed at noon Friday and regular

office hours will be resumed Dec. 26.

Huron Township offices will be closed on Saturday, Sunday and Christmas Day. Similar hours will be in effect during the New Year holiday season.

### Students compete in contest

Two Romulus Senior High School students were among the 46 finalists who participated in the Miss March of Dimes 1973 contest which ended Saturday in the crowning of a 14-year-old freshman at Rosary High School in Detroit.

The Romulus girls were Barb Kraski, 16, and Veetta Lynn Townsley, 16.

The contestants - who received credit for one vote for every dime they raised to help the March of Dimes, raised a total of \$11,700 to help in the fight against birth defects, a new record for the Metropolitan Detroit Chapter, according to Maxwell Gorman, executive director.

Barb raised \$14.35 and Veetta raised \$48.30.

## Van Buren school board establishes committees

Various committees established by the Van Buren Board of Education are working toward improving the educational services and programs of the district.

The committees are: Administration committee - reviews and revises policies pertaining to the administration of the schools. Members of this committee are Mrs. Doris J. Roe, R. Lynne Hamilton and Robert Archer, all members of the school board.

Secretarial, custodial and maintenance committee - negotiates with these three groups of employees. Members of this committee are board members Mrs. Doris J. Roe and Dr. Richard Muse.

Teacher committee - negotiates with the teaching staff. Members are Charles W. Bole, school board president, and Hamilton.

Other members of this committee are school Supt.

Dale E. Kaulitz, elementary supervisor Robert Gray; Belleville High School Principal John P. Ford, and teachers, Mrs. Mary Lou Feight and Foster Eid.

Curriculum Council - this committee, headed by Raymond Kohr, director of curriculum and instruction, is composed of administrative

school aides, teachers and parents.

The committee members have submitted to the school board reports on elementary reading, K-9 math study, language arts coordinating and methods to inform students about course selections and the activities that are taking place to update the procedures.

## School board requests funds

The Van Buren Board of Education has joined the Wayne County Association of School Boards in requesting a return of 1971-72 state aid contingency funds.

At the school board's recent session, board members approved a resolution similar to one recently adopted by the association calling for a return of \$129,518 in state aid funds for the 1971-72 school year.

contingency factor which allows the state legislature to withhold a portion of the funds pending final approval of the budget.

Since the state budget showed a surplus for the 1972-73 year, the state legislature is being asked to release contingency funds that were withheld.

The Co-Op Department at the Belleville High School recently held an open house and featured demonstrations of various office equipment by students.

The event attracted many administrative aides, officials and members of the Van Buren Board of Education.

Demonstrations were performed by Barb Allred on the transcriber, Sue Krawulski on the mimeograph machine, Sue Arquette on the Ditto machine, Turusha Bailey on the adding machine and Mary Kosin on the typewriter.

Refreshments were served.

## Weather brings double threat

Cold weather brings a double threat to area residents, but many don't realize it. It not only exposes them to icy walks and slippery roads, but also increases exposure to household hazards by driving them indoors.

Last year, home accidents in the U.S. killed 27,500 persons - including approximately 5,000 in the Midwest - many during cold weather when residents forgot their indoor surroundings can be just as treacherous as the harsh outdoors.

Accidents in the home in 1971 disabled more than four million persons - nearly twice as many as were disabled in work accidents, and cost Americans nearly \$3 billion.

During cold months, fire is one of the greatest hazards. As people spend more time indoors, increased use of heating units and electrical appliances places extra strain on power systems.

Faulty electrical equipment is the leading cause of building fires in the U.S.

"When preparing for the cold outdoors, also check indoors for defective heaters, chimney, stoves, plug-in appliances, power tools and wiring," said Insurance Information Institute Officials.

Falling or tripping is the leading home killer - accounting for more than one-third of all home accident deaths.

"Removing cords, wastebaskets, vacuums and other objects from walking areas prevent falls," officials said. "So does using common-sense carefulness around roofs, ladders, steps, stairs, chairs, rugs and uneven walks."

The Institute, which used National Safety Council statistics in its report, said: "Considering the possible harmful side effects of home products and appliances before they are used in the best deterrent against the three major household killers - fires, falls and poisonings.

Beware of drugs and medicines. Deaths from poisonings have more than doubled since 1960, partially due to misuse of opiates, aspirin, sleeping pills and tranquilizers. Carbon monoxide from gas stoves and standing autos also poisons hundreds of persons yearly.

## Area teachers can earn graduate credit at home

Area teachers have the opportunity to earn two-hours of graduate credit in their own living rooms.

Starting Feb. 6, WTVS, Channel 56, Detroit's educational television station, will air a series of 12 half-hour classes on concepts and techniques of class meetings.

The series, entitled "Class Meetings and Schools Without

Failure," is good for graduate credit, if teachers apply for credit at the Wayne County Intermediate School District.

The 12 programs will be aired at 8 a.m. and noon Tuesdays and at 6:30 p.m. Thursdays.

Cost of the course and materials will be \$40.

Information on the series can be obtained by calling 224-2950, or by writing La Barbara Gragg, Intermediate District Elementary Consultant, 1500 Kales Building, 76 W. Adams, Detroit, 48226.

Official enrollment forms will be sent by return mail. Enrollment will begin Jan. 8, and continue until Feb. 8.

Brownie Troop No. 33 of the Romulus Elementary School visited the Christmas display at Detroit's Cobo Hall Saturday. The girls talked to Santa Claus and saw the puppet show.

Mrs. Dodie Kimberlin is back home on Aston Drive after undergoing surgery at Annapolis Hospital, Wayne.

Young folks from the Romulus Calvary Baptist Church will be singing Christmas carols in the area on Saturday evening. They plan to visit local convalescent homes and also homes of the elderly. The group will leave the church at 6:30 p.m.

Michael Sheppard, six year old son of the Mike Sheppards of South Lyons, underwent extensive heart surgery Dec. 9 at Children's Hospital in Detroit.

The youngster, who has been very seriously ill, is reported steadily improving and will probably be able to come home for Christmas.

Little Michael also had some heart surgery done at the age of three. He is a grandson of the W.L. Sheppards of Romulus Avenue.

The Romulus and New Boston (United Methodist Women) held a meeting Monday evening with the district officers present.

Mr. and Mrs. Virgil Varner and son, Darius, of Haggerty Road entertained 40 relatives and friends at a surprise "open house" Sunday in celebration of the birthday of her aunt, Miss Pearl Morris of Huron River Drive South.

Guests came from Romulus, Allen Park, Saline, Ypsilanti, Ann Arbor and Wyandotte.

Children of the Sunday School presented their annual Christmas program Sunday evening at the Community United Methodist Church on Olive Street. Christ's "birthday party" followed with everyone eating birthday cake and carol singing. Birthday pennies were given to help some needy ministerial student achieve his education.

I would like to extend sincerest wishes for a very Merry Christmas and Happy New

Year to all readers. I wish to express thanks for the news items, want ads and subscriptions called or brought in during the year.

Paul Hedding of Mom's Drive, Belleville, if reported recovering, though still very ill, at Annapolis Hospital, Wayne. He is suffering from lung and heart complications.

Hedding is a son and brother of Mrs. Carrie Hedding and Mrs. Walter Hoppe, both of Goddard Road.

Miss Rose Moody, Freshman student at Concordia Lutheran College, Ann Arbor,

is spending her Christmas vacation at the home of her parents, Mr. and Mrs. John H. Moody of Ronald Street.

## We thought you'd like to know.

It's no secret. The people who really stay jolly and merry during the holiday hustle and bustle are the people who plan ahead. Like the people who open WSB Christmas Club accounts.

It's such a painless way to save. You make small, regular payments into your Christmas Club account all year long. Then, in November, Christmas Club savers get a check in the mail from WSB. Somehow, it's always a little bit of a surprise. A check for so much money when it was so little effort to save. With money in hand and no January bills to face, you can really have a merry Christmas.

Open a 1973 Wyandotte Savings Bank Christmas Club account today. You can open your account at any of the WSB offices throughout the area. You'll be in good company. Very jolly company.

# Welfare recipients work in Wayne, Westland

By WEST THORP

Under an almost forgotten 1964 state law, 598 welfare recipients have been put to work in Wayne, Westland, Van Buren Township and other areas scattered through the county.

Financially-strapped counties with leaves to rake and snow to shovel can recruit free manpower for the jobs under the 1964 state law.

It gave them the power to put welfare recipients to work on public service jobs.

The law "requires employable persons to work on work relief or work training projects if available, in return for relief given."

If all the employable welfare recipients were put to work, Rep. Stephen Stopczynski (D-Detroit) estimated that the

state would save \$40 million a year.

He said his research shows there are 130,000 persons on welfare in the state and that 85,000 are eligible to work.

The deputy director of the State Social Services Department, Dr. Leland Hall, said the eight-year-old law does not require counties to set-up "workfare" programs, but that it only gives them the option to do it.

Restrictions in federal laws limit such programs to general welfare assistance which is paid from only local and state funds, Hall said.

The "workfare" law does not apply to federal programs such as Aid-to-Dependent-Children (ADC) or Old Aged Assistance, he added.

One of the handful of counties to have a public work relief program is Wayne County which has welfare recipients working in jobs ranging from janitor to clerk.

The work projects pay the welfare recipients \$2.77 per hour which is applied towards their welfare check.

Robert Cecil, coordinator for the Wayne County program, said the "workfare" recipients only work enough hours to pay for the assistance check.

The hours range from a couple of days a week to a full forty hour week, he said.

Work relief is used only as a last resort, according to Cecil, who said that efforts are made first to place the person in a job in the private sector of the economy.

Projects similar to the one in Wayne County have been set-up in Midland and Calhoun Counties and according to Cecil one is being established in Oakland County.

There seems to be considerable interest in the legislature in making public service work mandatory for all welfare recipients.

Rep. Stopczynski and 70 other legislators have introduced bills which would do this.

"We've got to put people (welfare recipients) to work for their money," he said.

"We have to put their mind on something," he added.

"Right now, they don't know what to do with themselves. When you are busy you're tired and not so likely to get in trouble."

A State Senator from Detroit, Charles Youngblood echoed pretty much the same sentiments.

More than a year ago, the Democratic Senator said: "Something is drastically wrong when working men are given reason to believe that it would be more profitable for them to quit work and apply for welfare benefits than to continue to work."

By requiring assignment of able-bodied welfare recipients to public works projects, both taxpayers and welfare recipients will benefit, Youngblood said.

"Through such assignments, welfare recipients will be providing services which the state and local governments cannot afford," he said.

Taxpayers, therefore will begin, he concluded to get something back for their money spent on welfare.

## Hajime (Jimmy) Takeuchi is good will ambassador

Hajime Takeuchi, affectionally known to many residents of the Belleville area as Jimmy Takeuchi, is a very

resourceful and effective ambassador of good will.

Hajime, a senior at Belleville Senior High School, will be here for a year through the Youth for Understanding Program. He is living with Rev. and Mrs. Wilson Wood of 70 N. Biggs St., Belleville, or Wood is pastor of the United Presbyterian Church in Belleville.

Shortly after his arrival in America, Hajime noticed that many of the people he met were interested in learning how to fold paper into the shape of a bird. By the end of September he had given instructions to many a new friend in the Japanese art of folding paper birds.

In October, Hajime decided that the perfect Christmas gift for his new friends would be a Semba Zuru, an arrangement of a thousand paper birds,

which is a symbol of peace, love and friendship.

Hajime enlisted the cooperation of some of his friends in Tokyo for the preparation of the Semba Zuru. Before the project was finished there were more than 100 young people in Japan involved and 4,475 birds had been folded, strung together, packaged and mailed to the United States.

The presentation was made following an evening of Christmas carolling with friends from the United Presbyterian Church.

The colorful arrangement of so many paper birds has been put on display at the church for the duration of the Christmas season.

Hajime's gift is tagged "Peace, Love and Friendship from Japan."

## Seniors' party tomorrow

The annual Christmas party of the Belleville Senior Citizens Club will be held at 6:30 p.m. tomorrow at St. Anthony's School cafeteria, 373 W. Columbia Ave., Belleville.

The club entertains its members at this annual event. Mrs. Lucille Remus will cater the dinner.

There will be no meetings of the club until Thursday, Jan. 4 when the meeting will be held at 6:30 p.m. at the Edgemont Elementary School, 125 Edgemont St., Belleville.

## Huron residents attend

Sound accounting procedures are doubly important when the funds involved are held in public trust, authorities told Michigan's city, village, county and township officials recently.

The government officials were participating in a governmental institute at Michigan State University.

Among the 52 officials who completed the two-session institute on advanced governmental accounting in MSU's Kellogg Center for Continuing Education were Mrs. Mary Lou Carey, clerk of Huron Township, and George A. Rogers, CPA, both of New Boston.

The institute for Local record-keeping officials was a joint effort of the Michigan Association of Counties, Michigan Municipal League, Michigan Township Association, Michigan Department of Treasury and the Institute for Community Development of MSU's Continuing Education Service.

# County seeks help on revenue sharing cut

The chairman of the Wayne County Board of Commissioners has requested congressional help to determine whether a \$3.8 million cut in the county's federal revenue sharing allotment is valid.

In a letter to the congressmen, commission chairman Robert E. FitzPatrick charged that U.S. Treasury officials had refused to disclose the figures on which they based the reduction.

Citing a previous error by the same department, FitzPatrick expressed concern that the cuts may be based on erroneous calculations.

He asked seven U.S. representatives from Wayne County and Michigan's two congressmen to press for release of the information.

If it stands, the cut will wipe out a \$7 million "surplus" in the county budget.

A "freeze" on filling county job vacancies might have to be reimposed and construction of new jail facilities might be delayed indefinitely due to the revenue loss, FitzPatrick said.

Originally, Wayne County was informed it would receive \$16,710,096 annually in revenue sharing, based on a complex formula involving population, tax effort and per capita income.

"After much fanfare over these figures," FitzPatrick told the lawmakers, "we discovered that the five townships in Wayne County had been omitted in the distribution of funds to the county area."

FitzPatrick said the Treasury Department reported that \$1.2 million for the townships mistakenly had been added to Wayne County's allocation and reduced the amount for the county to \$15,524,787. FitzPatrick said Treasury officials attributed the mistake to "computer error."

The county discovered the further reduction last week upon receiving a check for \$5,852,176, representing its allotment for the first half of 1972. This means the county may expect only \$11.7 million for a full year — \$3.8 million less than promised after the first "correction."

Based on the earlier amounts, the county budget was credited with \$15 million in revenue sharing funds for the fiscal year which ended Nov. 30 and with the same amount for the fiscal year which began Dec. 1.

This erased an \$8 million budget deficit for last year and produced the \$7 million "surplus" in the current budget. Receipt of only \$11.7 million for each of those years would have virtually wiped out the \$7 million.

"It is fortunate that the board of commissioners wisely resisted pressures to commit the \$7 million to the operation of programs and earmarked it for non-recurring expenditures," FitzPatrick said.

After a millage proposal for construction of jail facilities was defeated in the Nov. 7 election, FitzPatrick said part

## 2 area residents arrested

Three men including a resident from Belleville and Romulus have been arrested by troopers from the Ypsilanti Post of the State Police and charged with possession of stolen property.

Arraigned in the 14th District Court, Ypsilanti, were John W. Brewer, 22, of 27 Maple Dr., Belleville; Alan Chrisman, 21, of Romulus; and Timothy A. Deck, 18, of 1460 Village Lane, Ypsilanti.

The trio were released on \$1,000 personal bonds pending a pre-trial examination scheduled next month.

The state police troopers arrested Brewer and Chrisman at 3 a.m. Thursday in a car on Tyler Road and Deck was arrested at his home. Their arrest followed an investigation by troopers into theft of items from a shipment received at the Overseas National Airlines freight terminal at the Willow Run Airport.

The investigating troopers said hair dryers, AM-FM car radios and tape player were found in Brewer's car.

or all of the \$7 million could be used to finance the start of construction of such facilities.

The Board of Commissioners is under court orders to meet all state

housing and jail building codes at the present jail or build new facilities. After being advised it would be more feasible to build new facilities, the commissioners

set a Jan. 1, 1973 target date for the start of construction. In his letter, FitzPatrick told the lawmakers that repeated attempts to get the data from the Treasury

Department had failed. "Based upon our experience with the Treasury Department, we believe that independent verification is critical," he stated, adding:

"We expect that, once again, Wayne County has been the victim of 'computer errors,' not to mention human errors which could have played a part."

In a similar battle last year, Wayne County on erroneous unemployment figures. As a result, the cities and townships in the county shared an additional \$1.4 million in EEP funds.

# Huron Township Goodfellows to open newspaper campaign

The Huron Township Goodfellows will open their annual Goodfellow newspaper sale campaign Saturday with a goal of "No Child Without a Christmas."

The Huron Township Goodfellows Association will try to sell 2,000 special editions of the Romulus Roman in the annual fund campaign.

Volunteers who will become newsboys again include business and professional people of the township, firemen and police officers, members of social and civic organizations and residents.

The volunteers will be taking to the main streets and corners of the township selling Goodfellows newspapers.

The sponsoring groups who will be assisting with the sale of the Goodfellows papers are:

Huron's Sportsman Club, Huron Township Firemen of Station No. 1, the New Boston Police Department, Metro Park Rangers, New Boston Rotarians and the Huron Township Jaycees.

Last year, the Goodfellows served 32 families as the result of the paper sale. This year, the Goodfellow's newspaper sale committee is

preparing to assist 50 families that are in need in the township.

Anyone who needs assistance, or if someone knows a family who needs help, is asked to contact Goodfellow officers.

The same procedure will remain in effect this year as it has been in the past. A \$20 certificate is presented to the family in need and they can take it to one of the many

grocery stores in the township for groceries.

The Goodfellows officers for the 1972-73 year are: Glenn Hubert, president; George Adams, secretary and Andy Nagy, treasurer. The trustees are: Joseph Novak, Paul Moore, Charles Grover, Rene Campeau and Luke Wegienka.

The following corners have been designated as official Goodfellows stops along with assigned Goodfellows' chairmen:

Huron River Drive and Hannan Road — Adams and Gene Rakotz, co-chairmen. Waltz and Willow Roads — Hubert, chairman.

Village of Waltz — Russell Wilson, chairman. Pennsylvania Road and Huron River Drive — John Huddleston, Chairman.

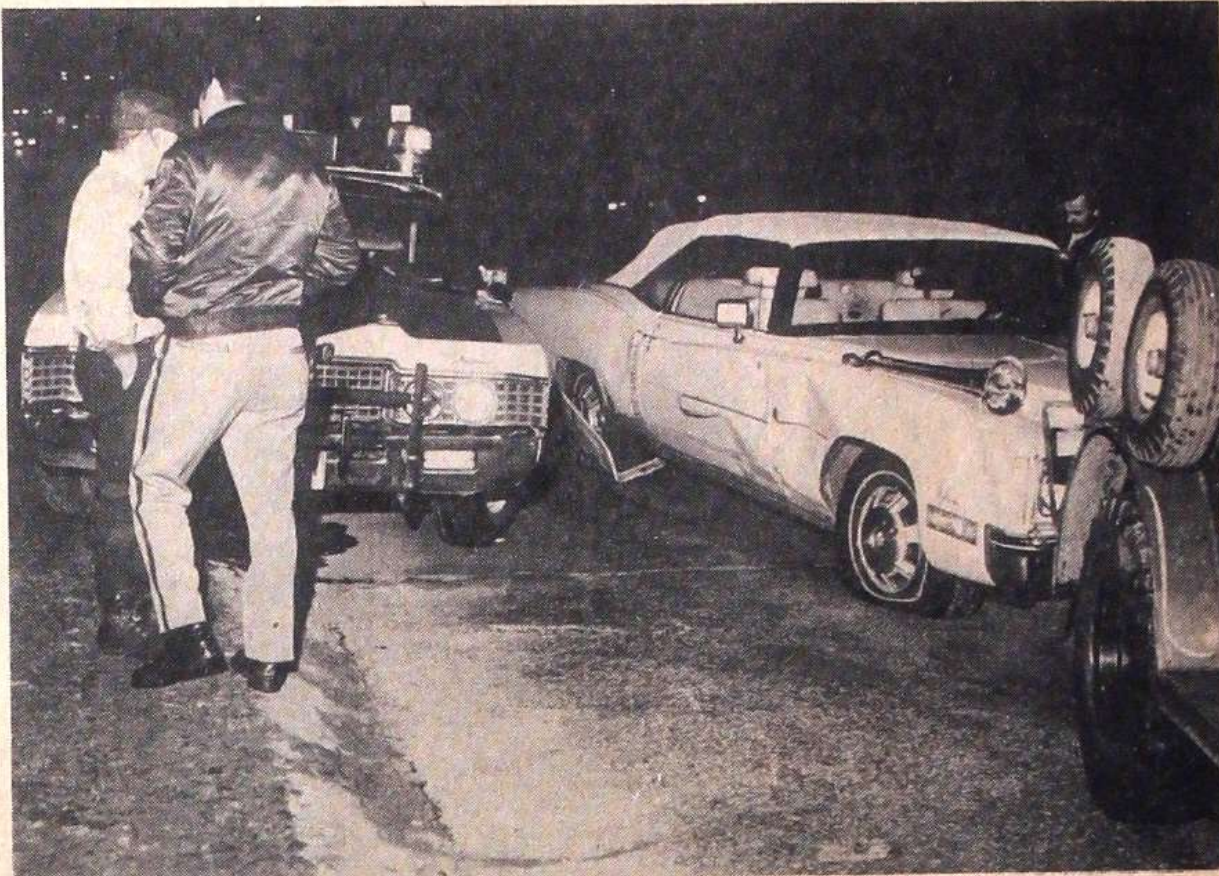

Sibley and Middlebelt Roads — Campeau, chairman. Middlebelt Road and Huron River Drive — Wegienka, chairman.

## Christmas program set at area church

The annual Christmas program by the Sunday School youngsters will be presented during the 11 a.m. worship service this Sunday at the Calvary Baptist Church on Ozga Road, Romulus. Recitations and special music will be featured.

A Christmas Cantata "Carol of Christmas" will be rendered by the church choir and ensemble Christmas Eve, beginning at 7 p.m. It will be under the direction of Mrs. Gary Moore of Romulus.

The senior high and career classes of the Calvary Baptist Sunday School Department will hold their Christmas banquet at 7 p.m. Saturday at Sveden House on N. Telegraph Road, Dearborn Heights.

**STOLEN CAR STOPPED** — Wayne County Sheriff deputies forced an Inkster man driving an alleged stolen car to the median on I-94 near Middlebelt Thursday night after a 100 mph chase. Sheriff deputies said the auto was stolen from the Sumpter Roller Rink south of Belleville. The auto was chased north to Belleville Road and into I-94. The

stolen auto collided with a Sheriff's patrol car at I-94 and Wayne Road before deputies shot the tires out and forced the car off the road. Deputies have the driver in custody. The auto belonged to Gregory Sizemore of Salem, said deputies.

## Sumpter trustees make appointments

The Sumpter Township Board of Trustees have appointed Terry S. Williams, 45485 Dunn Rd., Sumpter, as township police chief.

Williams, a member of the police force for a number of years was acting police chief prior to his appointment by

the township board on Dec. 12. He will receive an annual salary of \$9,000.

Other appointments approved by the township board were Supt. Robert D. Marble as township's representative on the board of directors of the

Peoples Community Hospital Authority (PCHA) replacing Frank Januszyk, former supervisor. Marble also was appointed Civil Defense Director for Sumpter.

Township Clerk Clarence J. Hoffman Jr. was named assistant Civil Defense

Director and alternate representative to the PCHA.

The township board also approved a motion submitted by Trustee Noah Folks to join the Southeastern Michigan Council of Governments (SEMCOG).

## Non-teaching employees receive new contract

Non-teaching employees in the Romulus School District are working with a new contract following ratification by the school board at its meeting Monday.

The new pact, retroactive to last July 1, provides for a five-cent per-hour across the board wage increase and added benefits. Ratification of the

pact came after lengthy negotiations between Local 64, maintenance and operation union, and the school district.

Last year's maintenance and operation costs under the previous contract were budgeted at approximately \$40,000. The new contract, in addition to wages, calls for increases in some benefits

such as life insurance and accidental death.

Included in the union are maintenance personnel, some secretaries and clerks.

In other action, the school board hired six new teachers to replace anticipated vacancies because of leaves and resignations.

## Board to take bids

The Van Buren Board of Education has authorized the taking of bid proposals for a new maintenance department delivery van.

Edward Peck, maintenance and custodial director for the school district, recently told the school board, that the

department's van (1969 model) had been driven more than 56,000 miles.

He said that he had an estimate of \$5,500 on a Ford 12-foot aluminum van, which would handle increased deliveries of the maintenance department

## Church distributes apples

Gifts of apples have been distributed to area convalescent homes by members of the First United Methodist Church in Belleville.

Twenty-five bushels of apples were delivered to wheel chair patients in convalescent homes in Belleville area, Wayne, Monroe and Ypsilanti.

Robert Arnett, elder at First United Methodist Church and sponsor of the annual event, was unable to direct this year's apple distribution because of recent surgery.

Last year 35 bushels of apples were delivered to the rest homes.

## Sand removal deferred

The Van Buren Township board has deferred official action on two sand removal requests recently presented to the board.

Harry Traskos of 16416 Sumpter Rd., requested a sand removal permit on a parcel of land located at the southwest corner of Bak and Hull roads.

The board tabled action on the request because of lack of information on the operation planned by Traskos.

The second request was filed by Newman Sand and Gravel, 37535 Palmer Rd., Westland, for sand renewal permit operation at Tyler and Hannan roads.

The board deferred action on the renewal due to conflicting information from area residents and the company and to a resident's complaint that the sand removal operation was creating a nuisance.

## Water line approved

The Van Buren Township Board of Trustees has awarded a contract for the construction of the Rawsonville Road water line to the Ackron Contracting Co. of Belleville.

Approval of the firm's low bid of \$139,561 is subject to the bid meeting all contract specifications. The township building department has been requested to look into the matter by the township board.

The board also approved the adoption of a resolution supporting a bill in the Michigan House of Representatives to remove limitations on local property tax exemptions allowed to disabled veterans.

## I-94 bids to be taken

The Michigan State Highway Department is to take bid proposals today on an estimated \$7.7 million project for the relocation and widening reconstruction of 1.7 miles of eastbound and westbound I-94 Expressway between Borgman and Morton-Taylor roads near Belleville.

The project, part of a program to widen I-94 to a six-lane expressway from US-23, east to Detroit, includes reconstruction of the Belleville Road interchange. Surplus excavated material from this project will be used to begin construction of a short section of I-275 Expressway, south of I-94 near Romulus.

I-275 eventually will carry traffic from I-75 near Newport in Monroe County northwesterly around Detroit, back to I-75 northwest of Pontiac.

# 'Flu Bug' hits Belleville cage team

## Christmas tourney final is tomorrow

**GOING OVERBOARD TO WIN**—You have to be ready for almost everything on the mats and Romulus' 145-pound class grappler, Virgil Smith, (white jersey) was as he flips over in an attempt to pin Westland John Glenn's Bill Roan. Virgil had to settle with a 7-4 decision which helped the Eagles post

a 25-22 nonleague victory. Coach Jim Stallings' team will compete in the Bedford Invitational today for their final outing of the 1972. Romulus will resume competition on Jan. 4 when it will clash with a highly-regarded Wayne aggregation at home in a dual meet.

## Eagles top Muskegon Hts.

# Romulus wins, 79-76

Calling it one of his most rewarding victories as a coach, Romulus' Dave Court used superlatives to describe his team's 79-76 victory over Muskegon Heights, last year's Class B runners-up in the state. Trailing most of the way after taking a 16-15 initial period lead, the Eagles rallied with less than three minutes left in the game to pull out the victory on the Heights' court. Tony Owens pumped in eight of his 14 points in the last quarter to help the Eagles take command. Ron Bostick's tapin gave the local cagers a 77-76 edge and Owens came up

with a jumper to give the Eagles a three point lead, which they defended to the end. "Muskegon Heights is the quickest team I have ever seen," said Court whose team is now 3-0 on the season and will take on Brighton Friday night at home before heading to the annual River Rouge Holiday Tournament. "And the Heights is unbelievable in their own gym. I don't think they have lost more than five games in their gym in the last 10 years," Court said.

Romulus, who had a 6 1/2 hour drive to get to their rival's home court, took a 16-15 first quarter lead, but the host outscored their visitors 25-17 as Willie Smith came off the bench to drill in 11 points to lead the losers to a 40-33 halftime advantage. Muskegon's 6-6 All-Stater, Al McGlothlin also had 10 points before the half. With Romulus' front line of James Hall, John Long and Bostick coming alive and an outstanding effort from guard Rick Hubbert in the third quarter, the Eagles managed to cut the Heights' lead to one

basket, 60-58. Then came the last quarter heroics by Owens and a tightened up defense which enabled the Eagles to preserve their winning streak. Hall, who wound up with 11 baskets and two free throws for 24 points, was the game's individual scoring leader. Teammate Long also had 11 baskets for 22 as did McGlothlin. Hall also accounted for 20 rebounds and Bostick had 19 which helped give the Eagles a 59-52 edge in that department. Owens contributed 14 and Bostick had 11 for the winners who had only three of eight from the free throw line. Muskegon capitalized on eight of 13 at the charity stripe. Romulus will turn its thoughts to the Rouge Holiday Tournament next week and Court's quintet will see action on Dec. 27 when it will clash with Windsor Assumption High School at 7:30 p.m. In the second game that night Inkster and Ecorse will meet. On Thursday, Dec. 28, Westland and Highland Park cagers will mix it up at 7:30 then Mt. Clemens will take on the host, Rouge at 9 p.m. The semi-finals will be played on Friday night and the finals on Saturday.

Just when Coach Andy Herman feels the pieces to his sputtering cage machine are about to fit into place, the machine collapses. Like it did in the third quarter last Friday at Riverview.

Riverview outscored the Chiefs 24-4 after the half to run away from the New Boston quintet 85-46 in a nonleague game which left the losers winless in three starts.

"I don't feel we should have lost to them the way we did," said Herman. "We had numerous turnovers in the third quarter while they were extremely hot, but that's no reason to fall apart like we did."

Though Riverview gained a 19-8 first quarter edge, the Chiefs were still in the game as they came back exchanging baskets nearly on equal terms in the second period. Joe Richert dumped in nine of his 14 points for the Chiefs in that period.

Riverview moved to a 42-29 halftime advantage and was never in serious trouble after that.

Belleville's Al Gates had a lot of juggling to do when two of his starting basketball players, one of them his leading scorer, turned up ill last week. When prolific scorer Shorty Williams and Brad Scheif were sidelined with strep throats, the Tiger mentor turned to his bench for help and it almost did the trick. But almost wasn't good enough as the Tigers handed over a 71-50 Suburban 8 Conference decision to Plymouth. Belleville had the hosts worried for the initial two quarters — trailing 16-15 and 28-22, but then 6-6 senior pivotman Al Cicotte also was forced out of the game because of a back injury and the Tigers fell apart.

Plymouth used the occasion to soar to a 47-30 third quarter lead before winning their first conference game and handing Belleville its second league setback of the young season. "It's a shame," said Gates afterwards. "I feel we have a good team, but with three of your starters out it's obvious you're going to have trouble. Al (Cicotte) couldn't jump in that third quarter because of the back injury, so we took him out and they got the boards."

Cicotte was to see his doctors over the weekend and he also may miss the Christmas Tournament which Belleville is the host. The tournament got underway last night with Westland John Glenn clashing with Cherry Hill and Belleville meeting Wayne Memorial. The championship round is set for tomorrow at 8:30 p.m. with the two winners playing for the title. The losers will meet in a consolation round scheduled for 7 p.m.

Gates patched up his ailing first string by moving 5'10" sophomore, Walter Easley, to one of the guard spots, while Bruce Verrot handled the other guard slot, freeing Doug Meyer who was moved to a wing.

The Tigers put the pressure on the Rocks in the opening quarter as Cicotte managed to tap in nine of the team's 15 points to keep the team within one point. Belleville frustrated their league rivals by stealing 10 passes in the early part of

## 8 teams vie for Huron Holiday tourney title

First round pairings have been announced for the New Boston Huron Christmas Basketball Tournament. The tournament will be played at the Huron High School gym December 27, 28, and 29. Huron will serve as the host team with Dearborn Heights Annapolis, Dearborn Heights Riverside, Detroit Lutheran West, Gibraltar Carlson, Milan, Monroe, and Monroe Catholic Central also entered.

First round games will be played on the evening of Wednesday, December 27. Riverside will play Monroe Catholic Central at 4 p.m. and Carlson will face Annapolis at 5:30 p.m.

These four teams form the upper bracket. Monroe will face Milan at 7 p.m. and Lutheran West will play Huron at 8:30 p.m.

These four teams form the lower bracket. Four games will be played on each of the two following nights, with the championship game scheduled for 8:30 p.m. on Friday, December 29.

Junior varsity games will also be played on each of the three days with starting times of 8:30, 10, and 11:30 a.m. and 1 p.m.

The first round j.v. pairings are the same as the varsity pairings.

The junior varsity cham-

pionship game will be played at 7 p.m. on December 29.

The game that will decide seventh and eighth places in the varsity competition will be played at 1 p.m. on that day.

The game to decide fifth place will be played at 4 p.m. and the game for third place will start at 5:30 p.m. on the tourney's final day.

The winner of the Monroe Catholic Central-Riverside game will play the winner of the Carlson-Annapolis game and the winner of the Monroe-Milan game will play the winner of the Lutheran West-

## Magic Numbers take bowling lead

The Magic Numbers have moved back into first place in the Romulus Teachers Bowling League.

The team swept four points in last week's action at Wayne Bowl, giving it a 36-16 record. The Flamers, who had been in first place, took only one of four points and fell back to second at 34-18.

The Wiz Kids had a 1386 handicap series, highest in the league this year.

James Bailey's 207 game was the best of the week

the host and began hitting from outside of Belleville's zone to pull his team away. VanWagoner finished the game with eight field goals and seven free throws for 23 points, the night's high. He was the only Plymouth player to hit in double figures.

Belleville received 11 points from Cicotte, which was the team's high. The Tigers also cashed in on eight of 16 at the free throw line while the Rocks sank 17 of 24.

Gates and the Tigers will resume conference competition after the New Year when Livonia Bentley will be in town.

## Ex-world champions and drugs

By TOM MOORADIAN  
Sports Editor

Outspoken Norbert Schemansky paints a dismal picture of U.S. athletes and athletics and he feels it's time "that the leaders of the AAU programs quit patting one another on the backs and presenting one another trophies and take a good look at where sports are heading in this country."

Schemansky, who has a sensational record as a weightlifter which includes nine national championships, six world championships, the "Prize of Moscow", USSR, the Pan American Championships Gold Medal and four Olympic medals, sees most outstanding weightlifters today as "hung up on drugs, especially amphetamines, who would be, at best, mediocre athletes if they ever got off the drugs."

The United States Olympic weightlifting team, for the first time in its history, didn't win an Olympic medal in the recently concluded Games in Munich, Germany.

"We have hit the bottom of the barrel," said the 48-year-old ex-heavyweight champ. "And one of the reasons is that the AAU - which finally has come under fire for its ineptness, - is a stagnant organization which has lost touch with reality."

"If I can quote from one of the stories I recently read, 'the AAU,' the article said, 'is a bunch of self-grandizing idiots who have done nothing in recent years but give trophies to one another,'" Schemansky said.

Schemansky has held this feeling for more years than he can remember. It is only recently that many other athletic organizations are agreeing with the ex-world recordholder.

An inspector presently with Consulting Engineers in Taylor, Norb was nominated several times as U.S. Amateur Athlete of the Year and Sullivan Award. In 1955, he placed sixth as Outstanding Athlete of the World, and was selected in 1953 as Mr. Michigan - Best Built Athlete in Michigan, and twice he has been invited and attended dinners at the White House for sports celebrities.

Ironically, one of the most coveted local prizes - to be a member of the Michigan Hall of Fame - has eluded him.

Schemansky has known failures. He unsuccessfully ran for State Representative and Sheriff in recent years and two back injuries kept him out of competition for five years during his prime.

He knows, from personal experience, that "there are a lot of athletes who are on drugs."

"Heck, I even took them," Schemansky admits.

The most common drug, he says, athletes turn to are amphetamines.

"I've used them. Our athletes used them and are using them. And even most Eastern European athletes, including the Russians, used them to," he says.

"I remember competing against this Russian, Vlassof, and I had a 20 pound lead going into the final event. And that's a pretty big lead," related Schemansky. "We were (Continued on Page B2)

# Eagle wrestlers 2nd at GC

If there were any doubt that Wayne Memorial was the "team to beat" in the area in wrestling this year, Coach Don Haney's Zebras erased that doubt by capturing the prestigious 16th annual Garden City East Wrestling Invitational.

Haney's matmen parlayed three gold medals and an equal amount of silvers to top the field of 16 teams. The Zebras, who earlier in the

season won the Western Wayne Invitational and had strung together four dual meet victories and a triumph at their own quad, polled 91½ points to outdistance their closest challenger, Romulus which had 80.

Wayne had three first places, but the Zebras also had the meet's outstanding grappler in Larry Silvestri who won the gold medal in the 132-pound class by pinning

Belleville's Jose Garcia in 3:31. Romulus picked up two golds and four silvers. Silvestri's record on the season now stands at 12-2. "This was a big victory for us," said Haney, whose team's lone loss was at Bedford this year. "Any time you can win such a tough meet as East's, you have to be pleased with your team and the kids. We looked better

than we did a week earlier at Bedford. "I am also happy by the way Silvestri performed after his showing at Bedford," said Haney. "He did an outstanding job. Garcia is one of the best looking wrestlers I have seen in the area."

Wayne also was first with Steve Fedulchak who remained undefeated on the season and stretched his win

streak to 14-0 by beating Don Tomczyk of Annapolis via a 1-0 decision to take the 126-pound honors. Bill Goen also contributed a standout performance for the Zebras in the 155-pound class where he pinned Livonia Stevenson's Ron Stein in 4:17 to come away with the gold medal.

Wayne had second places in Mike Gurrero (105), John Bullard (138), and Paul Goosby (98). Romulus' Jim Stallings was also pleased with his team's over-all performance at East. "It was a good team effort," said Stallings. "We had lost five kids in the first round, but six of our youngsters made it to the semi-finals and all won. "Five years ago we were 15th, and now moved up to runnerup," he pointed out. "That's not bad."

Brad Smith decided Bullard, 5-0, to claim the first of three Romulus gold medals, beating Edsel Ford's Cole, 7-0, Annapolis' Gagnon, 3:04 and East's Risner in 3:24 en route to the championship. Robert Morrison, the outstanding wrestler at the WW Invitational, also topped the 167-pound field at East, pinning West's Cliff McLellan in 4:38 for the triumph. He beat Morse (Annapolis), 11-5, Julian (WM), 5:15, and Gentile (GCE) - 2:56 for his other wins.

Romulus runnersup included Phil Ford (112), Virgil Smith (145) and Marvin Williams (185).

Henry Reid, Romulus' novice heavyweight, proved he'll be one to contend with as he finished second to Edsel Ford's Dale Stanton, 5-1. Reid managed to beat No. 1 seeded Jim Reeves of Ann Arbor Huron, 7-5, also pinned Garden City West's No. 4 seeded, Rob Shelley in 2:42. The defending champ, Ypsilanti, didn't compete in this year's meet. The Braves had a league meet scheduled for Friday night.

The results of the meet are as follows: 1. Wayne Memorial (91½), 2. Romulus (80), 3. Thurston (61), 4. Edsel Ford (51), 5. Annapolis (47½), 6. John Glenn (44), 7. Ann Arbor Huron (41), 8. Garden City West (32½), 9. Livonia Stevenson (32), 10. Redford Union (32), 11. Livonia Bentley (23), 12. Melvindale (22), 13. Dearborn Heights Crestwood (17), 14. Belleville (13½), 15. Garden City East (7) and Livonia Franklin (2).

HEAVYWEIGHT  
1.) Stanton (EF) dec. Reid (R), 5-1; 3. Shelby (GCW) pinned Harmon (LS) - 3:46.

'HEADLOCK' — Applying the pressure is Romulus' All-Area wrestler Marvin Williams who managed to win a 5-0 decision over his 185-pound rival, Kevin Wilcox, from Westland John Glenn. Williams' victory helped Coach

Jim Stallings post a 25-22 triumph over the Rockets last week. The Eagles are back on the mats today, vying for the Bedford Invitational title.

## Romulus wrestlers rally to nip Glenn

You have to be happy when your wrestling team beats a squad as perennial powerhouse Westland John Glenn, the defending North-west Suburban Conference champs.

And Coach Jim Stallings was elated — he had some kind words for his opponent and his team.

"We respect Glenn and its

coaching staff," said Stallings, whose Eagles clipped the Rockets 25-22 in a nonleague confrontation. "Glenn always has a fine team, and I feel our victory was a 'team effort.'"

Down by as much as 17-5 after six of the 12 weight classes were decided, Romulus came back as Brad

Smith and Robert Morrison each posted six-point victories over their rivals in the 138-pound and 167-pound classes, respectively.

Westland still had a chance to win when Mickey Stein (Glenn) clashed with Henry Reid in the heavyweight class. Trailing 23-20, Stein needed to pin Reid for the six points to turn the decision into a Rocket victory but Reid forced his rival into a 5-5 deadlock and the two grapplers split four-points between them.

Here are the results of the meet: Romulus 25, Westland John Glenn 22:

98 - Ken Arbie (JG) dec. Lamar Sandusky (R), 7-4.	105 - Roger Dunham (JG) dec. Billy Powell (R), 10-5.
112 - Ivory Allen (R) drew with Don Cicotte (JG), 4-4.	119 - Phil Ford (R) dec. Terry Arbie (JG), 9-3.
126 - Bob Hodge (JG) pinned Eldon Baiter (R), 15-4.	132 - Mike Karll (JG) dec. Andrea Parson (R), 15-11.

Wayne sank nine points. Mike Dickie, who sacked eight field goals and six free throws for 22 points, and Jerry Mucha, with 16, were the Pirates' top point producers.

The Chiefs were busy at the free throw line where they made 20 of 33 attempts as compared to Riverview's 11 of 14.

waiting for him (Vlassof) to come on stage and he appears and there was this big bandage on his foot.

"You could tell something had happened to the guy and when he lifts like you never saw before and wins. You know he had to be on something."

"And you can tell when a guy has taken something, especially, in weightlifting. If a weightlifter is averaging say 900 pounds and all of a sudden he reaches a 1,000, then something has been put into the guy's blood stream."

"The officials now want to check the top three finishers in each of the weight classes to see if the lifters had taken anything, and do you know what the joke is around the sports these days? Finish fourth. Because the top three will be disqualified!"

"I have seen guy's training bags that look like doctor's bags," he said.

What would happen if officials could wipe out the use of drugs in the sport?

"Well," Schemansky paused. "I guess you'd have to wipe out all of the existing record books and start all over again."

A Dearborn resident and the father of four, Schemansky was recently honored by the Michigan Legislature in a Senate concurrent resolution that stated in part, "that unanimous tribute is extended to Norbert Schemansky in recognition and remembrance of a brilliant record by one of Michigan's and American's greatest strength athletes whose feats remain phenomenal."

The tribute was long overdue.

## Gordie Howe to play

Dick Puritan will be sounding off-but not at his usual spot, WXYZ—but probably at the referees when the Puritan "No Stars" clash on the ice in a charity hockey game.

The game, which also will feature Gordie Howe, will be staged on Friday, Jan. 12 at 8 p.m. at Allen Park Civic

Arena. The proceeds will go to the Lutheran School for the Deaf.

Donations are \$1 and \$2 for children under 12 and adults, respectively. Tickets may be purchased from the Dearborn Police Department, 16099 Michigan Ave., or the Allen Park Civic Arena.

OVER YOU GO — Romulus' Brad Smith (White trunks) flips John Glenn's Dave Johnson over and eventually pins his 138-pound rival in Wednesday's nonleague confrontation which Romulus won 25-22.

## Tigers to close with Red Sox

DETROIT — The Tigers' home season in 1973 will open with a bang and close the same way, against two of their fiercest rivals in the American League.

The lid will be lifted Tuesday, April 10, with the Tigers facing the potent Baltimore Orioles in an Opening Day clash which will have all of the traditional trappings.

The home season will end Monday, Sept. 24, with a history-making night game against the belting Boston Red Sox who helped supply an exciting finish in 1972. This game will mark the first time the Tiger Stadium curtain has dropped under the lights.

Road games, still to be announced, will precede and follow those two dates, according to Jim Campbell, executive vice-president and general manager, who said the Tigers will play their 81 home games on 79 dates with a record-setting total of 50 night dates. There were 49 the past two seasons, previous high for after-dark play at Tiger Stadium.

The first night game will be April 27 against Kansas City and after that date the only

daylight action will be on Saturdays or Sundays.

The only doubleheaders on the home docket are a Sunday twinner with the Orioles July 1 and a Wednesday twi-nighter with the Milwaukee Brewers June 27.

The Tigers will have more than their share of holidays in 1973, playing the World Champion Oakland A's on Memorial Day, May 28; the Cleveland Indians in a 6:00 p.m. Fourth of July contest; and the New York Yankees in a night game to mark Labor Day, Sept. 3.

An unusual feature of the Tiger Stadium schedule is an emphasis on four-game visits. There will be seven of them by seven different teams.

There also is a heavy accent on weekend action with 15 Fridays, 14 at night, 13 Saturdays and 13 Sundays on the home schedule.

Two changes in starting times have been forced by the decision to put Michigan on daylight saving time. All Monday night games will start at 8:15 p.m. and all Saturday afternoon games at 2:15 p.m. Other night games will start at 8:00 p.m., other afternoon games, including the one day doubleheader, at 1:30 p.m., and the single twi-nighter at 5:30 p.m.

We would like to extend our warmest holiday greetings to our friends. Thank you, Merry Christmas.

**CHEERY NOOK** — This colonial setting takes dinner guests back in time. Solid hand-hewn beams and woven rag rug set scene, propped by charming details in beetle pine wainscoting with plate rail for treasure display, patterned paper ceiling, diamond panes and wall-hung banquette in bay window.

## Early American decor is simple, charming

America's approaching bicentennial is a reminder that in just 200 years, daily living has experienced a world of changes.

But the world hasn't yet turned into a plastic platform. One thing that survived the struggling colonies and can be found intact in homes across the country today is early American decorating in all its simplicity and solid charm.

The homey warmth of early American decor is especially pleasing in a dining nook where the family comes together for meals and invites friends to share its table and its blessings.

Pine paneling and figured wall-papers are standard props of the scheme — no

other combination so effectively sets the stage for family heirlooms or finely detailed reproductions.

Honey-brown ponderosa pine is favored among the pines for full-wall paneling or traditional wainscoting, and wallpaper was never more attractive or practical than in today's scrubbable, strippable varieties.

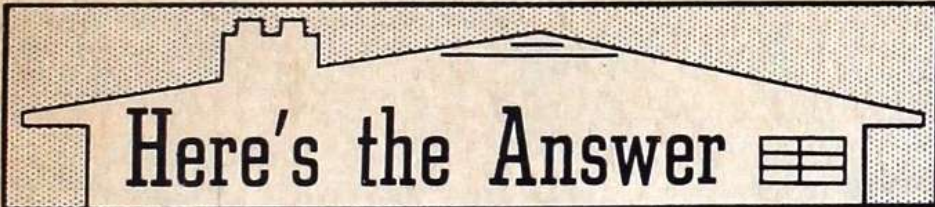

With solid hand-hewn beams across a papered ceiling above, a guest is apt to think he has crossed a time barrier into the past.

Knotty or not is a personal choice in paneling, but if patterned wallpaper dominates upper walls and ceiling, vertical or flat grain boards may balance the scheme.

An unusual but striking option is wood that once hosted insects, such as "beetle pine," with its distinctive spotty markings.

A bay or box window with built-in bench seat and plate rail running across all three sections expands a room visually in very little space. Although these graceful windows are uncommon, any reputable custom builder can make the addition.

Blending crafts and collections can pick up some of the European-American charm that was evident in homes of earlier generations. Now as then, the success of a room depends directly on the personal touch.

Q. I just got through reading a magazine article about how to halt squeaks in a wooden floor by going into the basement and driving wedges between the subflooring and the joists. Fine, but what about a squeaky second floor? There are several bedrooms in the floors of one of our upstairs bedrooms. How do I go about fixing them?

A.—Locate the area of each squeak, then drive nails through the flooring into the joists. Use threaded finishing nails. To avoid damaging the floor, drive each nail fairly close to the surface of the floor, then use a nailset to drive it the rest of the way. Finish by sinking it a fraction

of an inch below the surface, later filling the indentation with wood putty or plastic wood. Drive the nails in pairs about 2 inches from each other and in slanted positions so that the points just about meet inside the wood. In other words, when driven in all the way, each pair of nails will resemble a V.

Q.—Several months ago I clipped out of the paper a story you wrote about renting tools. I recently dug up the clipping because I am in the market for several tools, but I was disappointed to see that you mentioned only a few prices. I intend to rent these tools—a quarter-inch electric drill, a floor sander, a 30-foot

extension ladder, a pipe cutter and one of those guns which shoots pins through wood into a concrete wall. Can you give me some idea of the rental costs?

A.—Here are some actual rental costs as furnished by Stephenson's Rental Inc.—the electric drill \$1.50 a day; the floor sander \$7 a day; the extension ladder \$4 a day; the pipe cutter (for one and two-inch pipes) \$1.50 a day; and the gun \$4 a day. In all these cases, there is a saving by renting the tool over a period longer than a day. For instance, with the electric drill, which rents for \$1.50 a day; it can be obtained for a two-day weekend for \$2.25 and for an entire week for \$6.

Selecting the proper paint roller for the job at hand may sometimes appear a bit confusing because of the wide variety of roller covers offered by manufacturers for specific tasks.

There is, however, a rule-of-thumb developed from years of experience: the smoother the surface to be painted, the shorter the nap of the roller; therefore, the rougher the surface, the longer the nap. Short nap covers are best on plaster and dry walls; medium on light stucco and smooth concrete; long nap on rough masonry, brick, block, heavy stucco and wire fences.

While manufacturers neglected for years to advise consumers which rollers were intended for which jobs, the tendency is now to tell on the packaging some facts about the rollers. Some hardware, paint and lumber establishments have selector displays to assist in making the correct choice.

The paint tray should be filled to where the shoreline of paint reaches halfway up the slanted surface. The roller is loaded by dipping it in the tray, then rolling over the higher and drier surface to remove paint. On vertical surfaces, the first stroke should be upward; then downward, then crosswise. Always start rolling in a dry section and toward the one just painted. Don't press down. Let the roller do the work. Roll slowly and carefully into trimmed edges. The edging should be done first with a trim brush or edging tool.

If you roll too fast, the roller will spin at the end of a stroke, causing splattering. Don't make the common mistake of keeping the roller going after it has begun to run dry.

Prompt cleaning of the roller immediately after it has been used will assure longer life and continued good

results. Squeeze excess paint from a removable cover with a roller cleaning tool or roll repeatedly on old newspapers. For oil paints, immerse the cover in any good roller cleaner, turpentine or mineral spirits. Or place the roller cover in a large glass jar partially filled with a cleaner, then agitate and repeat several times. If you have used latex or water paints, clean the roller with mild soap and lukewarm water. Wipe the roller dry. Storing the roller in a plastic bag will keep it fresh and clean.

Close relatives of paint rollers are flat applicators and paint mitts. The applicator, a kind of pad, usually of lambskin or mohair, is akin to brushing, since it strokes the finish right onto and into the surface. The mitt, which fits over the hand, is especially useful for painting things like pipes, gutters, downspouts, wrought iron railings, flagpoles, etc.

# IMPROVE YOUR HOME

For complete look

## Walls play important role

When you redo a room, don't overlook the wall decor.

Sometimes, homeowners who spend a great deal of time selecting furniture and accessories for a particular decorative period give only a passing thought to the walls.

Yet, whether you're "going" French provincial, Early American, Scandinavian or Mediterranean — the look won't be complete without the "right" wall decor.

### Utilize areas in house

Americans still hanker for space as much as in our frontier days. Most families want single-family homes with a big lawn, or even a couple of acres. Everyone wants plenty of space inside too, with room for spare-time activities — carpentry, sewing or messy hobbies such as painting.

But many homes don't have room for these special interests. Or do they?

Almost every house has under-utilized areas that can be easily remodeled to fit special needs.

— The laundry or furnace room is often suitable for remodeling. A workbench or sewing table can be fit in along one side.

Pre-cut wall panels are a cinch to install. A vinyl asbestos tile floor — recommended because it can be installed right over concrete — will add color to the room and make cleanup quick and simple. It is available with a self-adhesive backing for do-it-yourselfers.

— A breezeway between house and garage can be utilized by enclosing it with glass panels and installing work tables along the walls. Here also vinyl asbestos tile provides an inexpensive and wear-resistant floor.

— Many families have found that the garage makes an ideal work room or hobby room whether connected to the house or separate from it.

Walls play an important role in any room remodeling. They serve as a backdrop for furniture, accent drapery and paintings, and can even visually modify the size of a room by making it appear larger or smaller. Because of their importance, they merit better treatment than an occasional repainting or repapering.

For example, walls can introduce a rich-looking room dimension when paneled with prefinished hardboard.

The panels are attractive, sturdy and easy to clean. They can be used to great decorative effectiveness in any room because of the variety of styles available and their low-maintenance qualities.

Hardboard panels come in a wide range of woodgrain designs, such as walnut, teak, oak and cherry, that can lend a rustic — or an elegantly formal — look.

There are handsome "antique" finishes to set off Colonial and Early American furnishings. For more contemporary decor, there are tapestry and travertine marble effects, murals, prints, solid colors and patterns that have unusual textured looks: corrugated, basketweave, wicker, and leather.

Because hardboard takes hard use without denting, marring or scuffing, the walls stay new-looking for a long time. An occasional damp-wiping will keep them clean and fresh looking.

Paneling with hardboard offers an additional benefit. It's economical and easily installed by a do-it-yourselfer.

The panels go up over studs, furring strips or right on the existing wall. For a professionally-finished look, there are special adhesives for nailless application, color-matched nails, and matching moldings and baseboards.

Money saved by doing the job yourself can be put toward that "perfect" wing chair or lamp you thought would have to wait 'til next year.

**WALL DECOR** — When you redo a room, don't overlook the wall decor. The objects on the brick, fireplace wall add to the complete look of this family room. The room is warm and welcoming and full of tradition.

### Save heat

## Keep outdoors out

Would you think of trying to heat the great outdoors? Of course not! It would be a waste of your heat and money. Well, this may come as a surprise to you, but you are probably doing just that, right now.

To help conserve America's energy resources and save money this winter, here are some hints to prepare your home for a "Heat-In".

Try to keep from opening and closing outside doors unnecessarily. Each time a door is opened, heat escapes, and your furnace has to work overtime to compensate for the lost heat.

Use the sun to its best advantage. It is warm and free — so open up window blinds, shades and curtains and let its beneficent rays warm up your home.

If you have a fireplace, be

sure the damper is closed when you are not using it.

Replace your furnace filter several times during the winter. If the filter is clogged, the furnace may operate all day long — especially during the coldest weather, and still not be able to perform adequately.

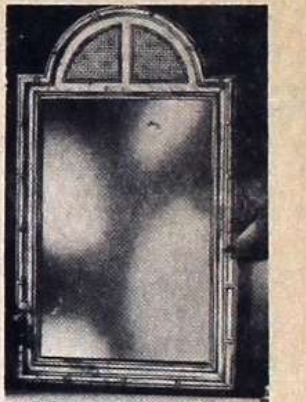

Keep heat outlets free from obstructions. If you cover a radiator or block off a heat duct, the heat from that source is cut off and the room temperature will drop.

If there are some rooms in your home that are not in use regularly this winter, turn off the registers and radiators in those rooms and keep the doors closed.

There is no purpose in heating an unused room. And, if your basement, attic or garage is not heated, keep the door closed so that the heat from the rest of the house does not escape.

These few simple steps are easy to follow and will lead you to a warmer, more pleasant winter.

**MIRROR GIFT** — Get away from hackneyed gifts this Christmas with a decorative wall mirror. Its ideal for an entrance foyer or any room in the house. Center it above a narrow hall table or glass-topped shelf, with a lamp, ashtray and large bunch of flowers. Mirrors also come in yellow color finish to coordinate with painted walls or pretty wallpaper.

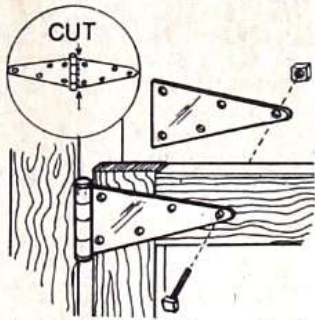

### Super handyman

## Mend old fence with super plate

Dear Super:

Our old fence gate needed repair. Instead of a regular mending plate (which I didn't have anyway), I came up with a super plate that works better. I found an old strap sawing off the spine. I ended up with two plates. Then by drilling all the way through the gates, I could install bolts through the hinges and plates. The holes in the plates naturally lined up with the hinge holes. The gate is sturdy again.

O.M.

believe that the 108-pound tool box that slid off the roof and almost hit her was an accident.

**GENERAL TENDENCIES:** Today's Full Moon brings a great deal of quick action in getting your thoughts and ideas organized so that you can make big progress in the days ahead. As the day advances, think in terms of what you can do to improve conditions at your own residence. Fine for deciding holiday activities at home.

**ARIES** (Mar. 21 to Apr. 19) Morning is excellent for getting into that plan that will make the future more successful and happy for you, but tonight home affairs require clever handling. Show others you appreciate their friendship. Don't take them so much for granted.

**TAURUS** (Apr. 20 to May 20) Handle financial affairs early so that later you can do errands, shopping, etc., that are important also. Show you have good common sense and right methods. Don't make mistakes by acting too hastily.

**GEMINI** (May 21 to June 21) You arise rarin' to go where constructive activity is concerned, so be sure later that a time-waster does not take you off on some silly tangent. Handle personal matters well with the assistance of mate later in the day. Be clever.

**MOON CHILDREN** (June 22 to July 21) You can make a fine plan for the future in a.m., but take care later you do not get into some emotional entanglement. That important personal aim you have can also be planned wisely. Show you have poise.

**LEO** (July 22 to Aug. 21) Your friends are very important to you today, so get them to assist you in your particular endeavors. Gadding about adding new friends to present circle is wise. One of these could make the future much brighter.

**VIRGO** (Aug. 22 to Sept. 22) If you are of greater service to others now, you find you gain goodwill and can better your own position in life as well. Step out and price or buy gifts for Christmas. Do the fancy wrapping tonight.

**LIBRA** (Sept. 23 to Oct. 22) You are busy thinking of greater things and this is fine, provided you are practical in so doing. Come to a far better understanding with high-minded associates. Relax at home in p.m.

**SCORPIO** (Oct. 23 to Nov. 21) Plan how to handle responsibilities in a new and better way so you free valuable time for bigger undertakings. Strive to have greater success and happiness in the future. Don't permit unimportant events to disturb your equilibrium.

**SAGITTARIUS** (Nov. 22 to Dec. 21) Now that you know what is expected of you by others, this is a good time to reach a definite understanding with them. State your aims honestly and directly. Then you get excellent results.

**CAPRICORN** (Dec. 22 to Jan. 20) Analyze those private worries well and then do something positive and constructive about getting rid of them. Make plans to progress faster via right channels. Don't get into something you know absolutely nothing about and lose your shirt.

**AQUARIUS** (Jan. 21 to Feb. 19) If you assist good friends to solve their problems, you find you help your own position in life. Make the new friends who can be of assistance to you as well as interesting companions. Avoid one who quibbles too much.

**PISCES** (Feb. 20 to Mar. 20) Make sure your personal and business affairs are progressing properly, otherwise take right steps in such directions. Cooperate more with kin and associates for better results. Tone down on that temper.

**IF YOUR CHILD IS BORN TODAY...** he or she will be one of those delightful young people who can accomplish a good deal for the simple reason that the movements are fast and the mind is clear and quick thinking. Can easily get ahead of others. Slant the education along lines of selling, business, or any other profession that requires both mental and manual dexterity and the ability to take over responsibility. Teach to read early in life, even before school age for best results.

# 'Sleeping Beauty' scheduled for TV

The National Ballet of Canada climaxes a 21-year climb to international acclaim with the spectacular staging of "The Sleeping Beauty" by guest artist Rudolf Nureyev, who has provided additional choreography and who also dances the leading role of the Prince.

The 90-minute television presentation of the Canadian Company's production of the Tchaikovsky classic will be seen on the Public Broadcasting Service Dec. 25 at 8 p.m., and repeated Dec. 30 at 10 p.m., locally on Channel 56. The ballet telecast was co-produced by WNET, the Canadian Broadcasting Corporation and S. Huruk under a grant from International Business Machines Corporation.

Founded in 1951 by Miss Celia Franca, an English dramatic dancer and choreographer, the National Ballet of Canada has received many international honors, including an Emmy Award for its 1970 television production of "Cinderella." It was the

only classical dance company invited to perform to Expo '70 in Osaka, Japan, where it played to overflow audiences.

The National Ballet of Canada's production of "The Sleeping Beauty" is one of the largest ballets ever to be staged in North America. It took 110 craftsmen more than five months to produce the scenery and costumes conceived by world-famous designer Nicholas Georgiadis. During the show, 92 performers appear on stage wearing more than 300 costumes, 150 pairs of boots and shoes and 100 wigs.

The National Ballet of Canada's production of "The Sleeping Beauty" had its Canadian premiere at the National Arts Centre in Ottawa in September and its American premiere at the Academy of Music in Philadelphia later that month.

The company will not perform "The Sleeping Beauty" again until after the December television broadcasts.

## Centennial publication presented to archives

Grayling's centennial publication has been presented to the state of Michigan Archives, according to Dr. Martha M. Bigelow, Director of the Michigan History Division, Department of State.

The commemorative publication, titled "The First Hundred Years, An Introduction to the History of the Grayling Area," was presented to Dr. Bigelow by Mrs. Marilyn G. Longworth, executive secretary of the

Grayling Regional Chamber of Commerce.

Upon receipt of the publication, Dr. Bigelow expressed the gratitude of Secretary of State Richard H. Austin, for the gifts and admiration for the interest of the people of Grayling in the advancement and promotion of Michigan's local and regional history.

Grayling, a community in northern Michigan, is rich in history and civic pride, and is

celebrating its 100 anniversary this year.

First platted as a village in 1872, the village was settled by sturdy, self-reliant pioneers who cleared the area's white pine and helped their village grow into one of Michigan's foremost lumbering centers.

Last Aug. 6-12 the citizens of this former lumbering town marked their centennial with parades, historical displays, a historical pageant, and other attractions.

## Students see N.Y. group

Students at the John Hill Junior High School in Inkster were treated recently to performances of Biblical stories with a contemporary slant.

Members of the New York Repertoire Theatre put on a performance of the play "Noah and the Whale, Jonah and the Ark" for the students. The performance was sponsored by the Detroit Youththeatre.

Performances included contemporary versions of the stories "Jonah and the Whale," "Noah and the Ark," "King Solomon" and "Samson and Delilah."

SLEEPING BEAUTY — The Public Broadcasting Service will present "The Sleeping Beauty," starring Rudolf Nureyev, as Prince Florimund, and Veronica Tennant, as Princess Aurora. The show will be aired Dec. 25 and 30 on Channel 56.

## Ted McNeely becoming today's Bogart, McQueen?

EDITOR'S NOTE: Few have heard of him, but at least one director is touting Ted Neeley as the next superstar. Neeley plays the title role in the movie version of "Jesus Christ Superstar." His ambition? To play a cowboy sort of like "a short Clint Eastwood."

By HAL MCCLURE  
Associated Press Writer

AVDAT, Israel (AP) — Ted Neeley, superstar?

Some are already comparing the 29-year-old rock singer with Bogart and McQueen.

The Texas-born Neeley was a virtual unknown without film experience when Director Norman Jewison signed him to play the title role in the film version of "Jesus Christ Superstar."

The successful rock opera was being shot here in the middle of Israel's blazing Negev Desert.

Slight of build with a beatific smile and a wispy beard, the

young singer really looks the part.

"He's straight out of a Gideon centerfold," quipped one irreverent fellow actor.

Neeley came to Jewison's attention for his role in the movie opera "Tommy" by The Who. He later played Jesus in the Los Angeles production of Superstar.

"The role of Jesus required a great deal of reaction, which is the most difficult art in motion pictures," Jewison said. "It is the same skill that Bogart had and McQueen has."

Neeley, soft-spoken and somewhat shy with strangers, admits he is still rather numb. He told of the arbitrary restrictions imposed on any actor portraying the Christ role and said it had affected his own life.

"I had a terrible temper, and I still must watch it," he said. "But I find I'm more patient and I believe I have learned to be more tolerant."

He added:

"I also notice I watch my

actions in front of the children here on the set. I don't want to do anything out of character."

Neeley, who was raised a Southern Baptist, said: "A few years ago I might have felt sacrilegious treating Jesus like an ordinary man. But I've read a lot of literature for this role and I concluded He shouldn't be treated as anything but a man. And, you know, He was one hell of a man among men. A good man."

Sometimes Neeley's portrayal of Christ has been too realistic for some of his theater audience. He remembers in Los Angeles a woman held a baby aloft and screamed:

"Jesus, bless my baby, Jesus."

Some fans also wanted him to sign his autograph with Jesus' name, not Neeley's. "It really blows my mind," the singer said, shaking his head.

Neeley was born in 1943 in Ranger, Tex., population less than 2,000, "in the heart of the Bible Belt where they really don't dig Jesus Christ as superstar," the singer said. Music has always been on

his mind, or at least since age 8 when he formed his own rock group. He and his band enrolled en masse at Odessa College, Tex., after high school. They all dropped out after one year to hit the road.

Later, the group split and Neeley went it alone, winning parts in the Los Angeles and New York productions of "Hair," before going into "Tommy."

He took over the Jesus part in the Los Angeles Superstar last February and stayed on until June when he began the film version.

What's next?

"I'd like to get the old rock group together again and go on tour," Neeley replies. "I'd also like to do a western movie. I mean it. If you know anyone looking for a short Clint Eastwood let me know."

Jewison agrees: "He's the one actor I know who could do Jesus Christ and a cowboy. And do them well."

It's the DANISH INN, 32305 Grand River, in Farmington... where'll take a good head like Handsome Richard to figure out how to accommodate 'em! Dick Bensek has "some" Dinner Reservations open for New Year's Eve, from 6 till 8 p.m., from 8 till 10 p.m., and from 10 through the magic moment! While two hours is the limit for "Table Time"... the Bar will be open to all who wish to remain indefinitely... and Father Time has special plans for the Music... with memories of all the happy sounds you ever heard... by the Master Showman who has played 'em ALL... and recorded many of them! Meaning: MR. PAT FLOWERS will be there, because there's no place in the world he'd rather start 1973... and nothing in the world he can't play for you! The necessity of booking this way, is testimonial to the fare of course. From the moment initial preparations begin in the Kitchen until devout believers in great Food and great Music begin gathering to help the year glide through... The Danish Inn not only exists for your total gratification... it accomplishes Just that!

WHEN THE HORNS BLOW AT MIDNITE... the crowds at Bistro Bourbon will cheer extra loud... because they're with Gwen Scott, the Lady has seen to it that nothing would be left undone, to insure your total pleasure on the evening when every moment heightens spirits further... the nectar vine yields its riches... plates are piled high... and beautiful people sparkle around us like diamonds! At the Bistro I'm always excited by the feel of great good fortune and prosperity... that inexplicable "something" that very few people and places exude. With this intangible built-in already... we know New Year's Eve will run at a wild pace! And happiness is also... lissome TISH GOODE, who'll be there early... and throughout the evening... swingin' and singin' and adding to your joy! Do you know the way folks start the New Year in the "other" New Orleans? By enjoying great Food, drinking good Liquor, and being with happy people! It being rumored that BISTRO BOURBON, at 3747 Telegraph, in Dearborn, is the real New Orleans, Gwen and her Boss, Eddie Schave, have planned the same things for you! The idea of beginning the year this way is so that it will continue thus. And at Bistro Bourbon... it always does! Dinner will be served 5 till 11:30. Fun will be served till 4 a.m. People wishing Reservations... will be served by calling LO. 5-1944. But "TOOT", sweet!

A GREAT NEW OPENING for an old favorite place of ours happens just in time for the New Year as THE SQUIRES TABLE, at 1403 S. Commerce, in Walled Lake, opens another Room for December 31st party goers! One group will enjoy Dining upstairs, where there will be NO COVER, NO MINIMUM... another will laugh the New Year in as Comedian-Musician Showman Bob Post... changes his mood and yours, mercurially. There will be total Service on both floors, of course, the difference being that a table downstairs will require a very small Cover Charge. You'll be able to mingle in BOTH Rooms, however, and this will be a delightful evening for those people who get a Reservation in quickly, by calling 624-6661. Personally, we would recommend taking a Deposit over n-o-w, knowing that they'll fill Fast! And come back to Squire's Table whenever a scenic drive and excellent Cuisine are called for... try the Lunch on Wednesdays, when beautiful Girls model beautiful things, at the weekly Fashion Show. Again: NO COVER Charge, Squires Table being FULL of pleasant surprises! (Just don't be surprised if you see a Guy who looks just like me... ogling?)

"IF AN EARTHQUAKE were to engulf us on December 31st" writes a nice Lady, "I would still manage to make it up that CARRIAGE HILL, to celebrate! Why, Ma'am... or Ms... look, Lady... I'm sending up special prayers for NO Earthquakes the rest of this YEAR... just so you can come to the Carriage Hill, at Cherry Hill Rd. near Inkster Rd. in Dearborn Heights, to ring in the New Year! There's a saying that the rich keep the feasts and the poor keep the fasts... but a little birdie flew up to us during lunch at Carriage Hill the other day, and while Tom Doyle was stroking that sporty Goatee and casting a watchful eye on the service... the little birdie whispered that everyone can afford the New Year's Blast at Carriage Hill that night... but that nobody could afford to miss it! The DON MCKENZIE GROUP will be there... promising the dancingest Music, greatest Vocalist, and wildest Show of the year. And this Lady who wrote me confided that she plans to drink like a fish. I said, "Who wants drink Water?" But, Ms., whatever you're drinkin'... if you recognize me, I'll treat you to it! And you'd better call 274-2534 and tell the folks there about your plan... because New Year's Eve is by Reservation only! And as for that Earthquake... the Carriage Hill Party is gonna come on just like one!

"I CAN'T DANCE" sez the song... "don't ask me". Ask her instead, to EL NIBBLE NOOK, at 2973 Grand River, just W. of Middlebelt, in Farmington! There's so much you can accomplish without dancing! Soft lights... the romance of old Mexico... a marvelous trio that starts at 11 p.m. plays through Auld Lang Syne and Goodnight Ladies... and after all, hasn't a Mexican Love Song been described as a caress set to music? What happens is, you ask for something imaginative in your Papaya Juice... or lace a little Rum in that Mexican Chocolate... or try a Shark's Tooth, mixed with Passion Fruit... or just ask el shapely Senorita to bring you the special de la casa. There're others... ALL good. And a mood envelopes you... of another place, "south of the border"... away from things that ever were. You may order something like Gallina (a country style Chicken cooked in Ranchero Sauce) or Machado (shredded Beef and Eggs, Monterey Style) or a Filete Maximiliano with a Wine and Tarragon Sauce... or Steak or even a Hamburger! at El Nibble Nook... anything goes... and it goes a tasty route! By then, the Musico has begun... and who wants dance? Fred Allen once pasted postcards around a bowl, so the Goldfish would think they were going someplace. Us, we once went to El Nibble Nook on New Year's Eve... and we KNEW we'd been someplace! Try it... you'll love eat!

IN THE MAIL TODAY, a number of queries regarding a spot that WILL be open throughout the Holidays. The nice people at ROSE GARDEN CHINESE RESTAURANT, at 5680 N. Telegraph Rd. (in the Tel-Ford Plaza), are planning to do just that: stay OPEN throughout the Holidays! Not only will they be open on Christmas Eve, and on New Year's Eve till 3 a.m., but they will ALSO be open on Christmas Day, from Noon till 10 p.m. This will be Family Dining, sans liquor, in one of the loveliest places we know! Plan to spend a while, viewing the elegant walls of opulence at the old (leaving, too!) and chatting with Manager Hugh Yee, who does Owners Rosa and Larry Leung proud. He will welcome you, escort you to your Table, summon your Hostess, who will oversee your Waitress... and your Dining Pleasure with total attention. By the time you leave and Hugh invites you to come back again... you'll know you will. A San Francisco custom dictating Seafood Dinner on Christmas Day is reflected in one of the many Menu choices, Sea Food Fantasia, which includes JUMBO Shrimps, Scallops sauteed with fresh Lobster meat, Pea Pod, Mushrooms, water Chestnuts, Bamboo Shoots and Chinese Vegetables. Your own choice, however, might be something even more exotic... or entirely American! Whatever your desire, you'll enjoy it thoroughly at Rose Garden during the Holidays, and every day. (Call 274-3155 and they'll Take out Party Foods, too!)

IF, FOR YOU, the New Year is celebrated in the manner of the English Squire, Dinner out... perhaps huge, juicy Steaks and a Carafe of excellent Wine, listening to the soft strains of strolling Violinist Gino D'Alesso... then home before the fireplace, content with the world and glad to welcome another year... you're for SIR GEORGE'S STEAK HOUSE 10065 S. Telegraph Rd., in Taylor! The mood is merrie-England, the decor reflecting the same quiet elegance, but appearances can be deceiving, since Modern is THE word for an operation where Food is almost assembly-line quick, with the Chef behind the service area, keeping Gourmet treats moving, and keeping an eye on each and every plate, also. The Salad Bar is becoming a local byword and every entree is an improvement on something "almost" as good. (Beef on a Dagger, for instance, is the new "Shish Kabob"). Sautéed Mushrooms come to you by the skilletful... Cocktails are (would you believe) Robot-mixed, with a Computer making sure you always get a bit MORE than you expected... and so it goes, each effort is visible; you KNOW Sir George means it when the first thing you see on your Menu is the Testament excerpt, "Eat thy bread with Joy... drink thy wine with a merry heart!"

WHEN THE CALL CAME that said there'd been a Party at VLADIMIR'S... we asked "How come you told me afterward?" and gained an invitation ONE YEAR in advance for next year's "DOINGS" OF THE Poured Wall Contractors' Association, at Vladimir's! We knew these people would end up having their Christmas Party there, when we remembered that "all roads lead to Vladimir's". Whether you're coming down I-96, or from Detroit, Farmington, Southfield, Livonia, Westland, you're automatically headed there. And if your own Party has to be very private, very perfect, and perfectly wonderful... you're heading for VLADIMIR'S again, at 28125 Grand River, in Farmington! And you don't have to pour walls... or celebrate New Year's Eve... or anything else that doesn't happen to be on your agenda. Vladi Sarcevic and his exquisite Cuisine adapt this literal Castle to YOUR own plans, and the party of a lifetime is yours! You'll be pleasantly surprised at the prices, and the accommodations! Make a "Reservation" to tour Vladimir's soon, if you're Party Planning for 1973. Weddings, Business Meetings, Banquets, Luncheons, Exhibits, Receptions, Presentations, whole CONVENTIONS... ALL happen at Vladimir's! Call my good friend, Vladi, and arrange to visit. His facility remains unexcelled! He's at your Service, at: 477-8050.

## Life Scout gets citation, medal

Life Scout Fred Opificius, 16, son of Mr. and Mrs. Fred Opificius of 16147 Merriman Rd., Romulus, has been awarded the Pro Deo et Patria emblem.

The award of the coveted honor (citation and medal) was presented to Scout Opificius, a member of the Boy Scouts of America, Unit 815, Detroit Area Council, upon the recommendation of the Pro Deo et Patria Review Board and the pastor of St. Paul Lutheran Church in New Boston.

The church bodies participating in the Lutheran Council in the United States have authorized the director of National Youth Agency Relationships to present the award to identify scouts who

have grown as Christian young men, demonstrating a willingness to help carry out the total program of the church.

In presenting the medal to the young scout, the scoutmaster of troop 815, which is sponsored by St. Paul Lutheran Church, extended hearty congratulations on behalf of the participating church bodies on receiving "this most treasured emblem which is granted to scouts who are luthern."

The young scout, who also is interested in community affairs, recently assisted a group of boys in cleaning up the City of Romulus of political posters from the November election which had not been removed by candidates seeking election.

## VAN BUREN TOWNSHIP BOARD MINUTES

Regular Meeting - December 12, 1972

The meeting opened with the pledge of allegiance and was called to order by Supervisor Gollwitzer at 8:00 p.m. Members present were Gollwitzer, Kuchta, Domen, Hedman, Cullin, Attorney Rice, Engineer Levine and Sec. Kobish. Trustee Kureth was late and Trustee Blend was absent. Also attending were 44 citizens.

Motion Hedman, support Kuchta, to accept as presented, the minutes of the November 28 regular meeting. Motion carried unanimously.

Motion Hedman, support Kuchta, to adopt the resolution from the City of Inkster supporting HB4002 and to instruct the District Representative and senator to press for release from committee the bill to remove the value limitation on property owned by a disabled veteran.

Motion carried unanimously.  
Mr. Flynn presented a request from Newman Sand and Gravel for an extension of one year on their sand removal permit. Mr. James Sutcliffe of Hannan Road objected to the request. After much discussion Motion Domen, support Cullin, to table until the next meeting. Motion carried unanimously.

The bids for the Rawsonville water line were opened. Bids were as follows: Ackron Contracting Co of Belleville \$139,561.00, Pi-Con Inc. of Northville \$223,324.00, A & P Construction Co of Livonia \$169,759.90 and George A. Odien Inc. of Detroit, \$194,909.90. Motion Cullin, support Kureth, to instruct the engineer to study the bids and either recommend the lowest bidder or if complications arise, return to the board. Motion carried unanimously.

Mr. Jerry Schostak of Schostak Bros and Co. Inc. presented plans for a rezoning request at the southeast corner of I-94 and Rawsonville Road from C to C1 for a shopping center housing a K-Mart, Chatham and several other uncommitted stores. Fencing on the property line on the east side will be constructed of solid masonry. Motion Hedman support Cullin to accept the recommendation of our planning Commission and rezone the property at the southeast corner of I-94 and Rawsonville Road from C to C1 unless the attorney after a 24 hour review finds any legal problems. Motion carried unanimously.

Mr. Irving Tobocman presented plans for Rott Bros. for condominium type apartments on Ecorse Road west of Haggerty for a rezoning request from R1b to Rm and C1. Motion Cullin, support Hedman, to support the planning Commission and deny the rezoning request. Motion carried unanimously.

Mr. Robert Wortel, of Rochester Homes, presented a plan for rezoning a parcel of land from R1c to C on Ecorse Road west of Haggerty. Motion Hedman, support Kuchta, to table this request until the January 9th meeting for information on the plans for the existing home and use of property if rezoned. Motion carried unanimously.

Mr. Thomas Melville presented plans for a new Moose Lodge on East Huron River Dr. just east of the City limits, with rezoning request from R1c to C1. Motion Domen, support Kuchta, to accept the recommendation of the Planning Commission and grant the rezoning request for the Moose Lodge from R1c to C1 subject to the study from the attorney before the option is due on the property. Motion carried unanimously.

Motion Hedman, support Kureth, to send to the MTA conference, January 10, 11 and 12, any board member that wishes to attend. Motion carried unanimously.

## DNR asked to protect Huron River

The Michigan Department of Natural Resources (DNR) has received a plea calling for the preservation of the Huron River marshlands.

Mrs. Nathalie E. Edmunds, councilwoman for the City of Ypsilanti and representative of the Huron River Watershed Council at last week's hearing of the DNR, asked protection for a marsh at the mouth of the river near Rockwood.

The council, she said, is concerned about a proposal by the U.S. Army Engineers to dump polluted dredge spoil from the Detroit River in the Pointe Mouillee area.

The area, she said, could be set aside and protected with the help of a 50 per cent matching federal grant. This, Mrs. Edmunds said, would make a unique laboratory for the study of ways to preserve such marshlands.

The proximity to Detroit, she said, also could make it an outdoor attraction with people moving through the marsh via boats and boardwalks.

DNR Commissioner E. M. Laitala of Hancock said there is a question of where the dredge spoil from the Detroit River can go.

Dale Granger, chief of the DNR hydrological sections, said a search has been on for five years without success and is still continuing.

Commissioner Hilary Snell of Grand Rapids pledged that the commission staff will look into the proposal for federal aid to preserve the marsh and wildlife area.

Mrs. Edmunds noted that the Huron River was among 15 state rivers under consideration by the department to be designated "natural rivers."

"We're very fortunate to have the Huron on this (proposed natural river) list. In comparison to other rivers, the Huron is still remarkably clean when it comes out in Lake Erie," she said.

"The Huron River is still worth saving," she added.

## Fleeman to get position

Larry G. Fleeman, 44741 Lake Crest Dr., Belleville, of the Corporate Systems & Data Processing staff at Kelsey-Hayes, Romulus plant, has been appointed to the position of director of manufacturing information systems.

Fleeman's responsibilities in this new position will be to direct the activities of the manufacturing information systems department, to maintain continuing relationships with all divisional and corporate staffs, and to promote total manufacturing information systems concept at Kelsey-Hayes.

He will be responsible for all manufacturing information systems planning and development, implementation and control.

Although the city's municipal building and the public library, the first two structures in the civic center were built and dedicated in 1971, Dubisky couldn't decide whose names to list on the \$300 plaque.

The building program for the community's new civic center started during the time that Romulus was as a township, but the city supervised its construction following the incorporation of the community to cityhood.

The civic center is located on the southeast corner of S. Wayne and Goddard Roads, Romulus.

Two other structures planned for the civic center are a new court building and a police headquarters.

The construction cost of the two initial buildings in the civic center was financed by a \$1,975,000 bond issue.

## Fund-raising dance set

# Boy Scouts working their way to Alaska

Members of Boy Scout Troop 231, sponsored by the Trinity Episcopal Church in Belleville, are planning a three-week trip to Sitka, Alaska, during the summer of 1973.

The scouts will fly to the West Coast, then go part of the way by boat to Sitka where they will be the guests of the local Boy Scout troop. They will return home by air from Sitka.

The opportunity to take part in this trip must be earned by each scout through participation in troop activities, advancement in rank and by earning a substantial part of the cost of their trip.

They have been engaged in financing the venture through sales of apple cider, lawn fertilizer, and Christmas wreaths, and collection of newspapers.

The next activity is designed for fun. On Jan. 20, a "Roaring Twenties" dance will be held at North Junior High School cafeteria during the hours of 8 to 11 p.m.

Music for dancing and entertainment will be provided by The New Belleville Jazz Group under the direction of Greg Heuer, Belleville High School band director. The high school's barbershop quartet, under the direction of Mrs. Louise Pitcher, will present a selection of songs.

The Mothers Auxiliary of the Boy Scout troop will have refreshments available at "Roaring Twenties" prices.

Guests are encouraged to enter into the spirit of the evening by wearing costumes appropriate for the era.

A \$1.50 per person admission will make participants eligible to win a \$50 door prize.

Clothing and small articles relating to the twenties era are needed to decorate the cafeteria for the dance. If anyone can help with this, call 697-8563.

## Health officials contain epidemic

Outbreaks of measles have been reported to the State Department of Public Health in three areas in the state.

Two of the trouble spots are in out-state areas, but an outbreak has been reported in Woodhaven in southern Wayne County. Health officials have recorded 52 cases in the community, 40 cases coming from one school.

An immunization program has been carried out at the local schools with plans under way to extend it to surrounding areas. The out-state areas affected are Battle Creek and Coldwater.

Acting Wayne County Public Health director John S. Stock explained that the measles have not spread to other surrounding communities and his department had immunized close to 1,000 children in the area.

"We may have been successful in halting the spread of the trouble," Stock said, but added, "We still urge people to have their children immunized."

State Public Health Director Dr. Maurice Reizen said, "It appears that measles will continue to threaten many areas of Michigan throughout this year. This is because

large numbers of school age children have not been vaccinated. Unfortunately, apathy sets in as soon as the crisis is over."

Reported cases of measles in Wayne County are down considerably over last year's total. Figures for 1971 show close to 1,000 reported cases of measles compared to approximately 250 cases reported this year.

## Jaycees announce projects

Several projects for area residents are among the events and programs of the Romulus Jaycees in their next quarter of operations.

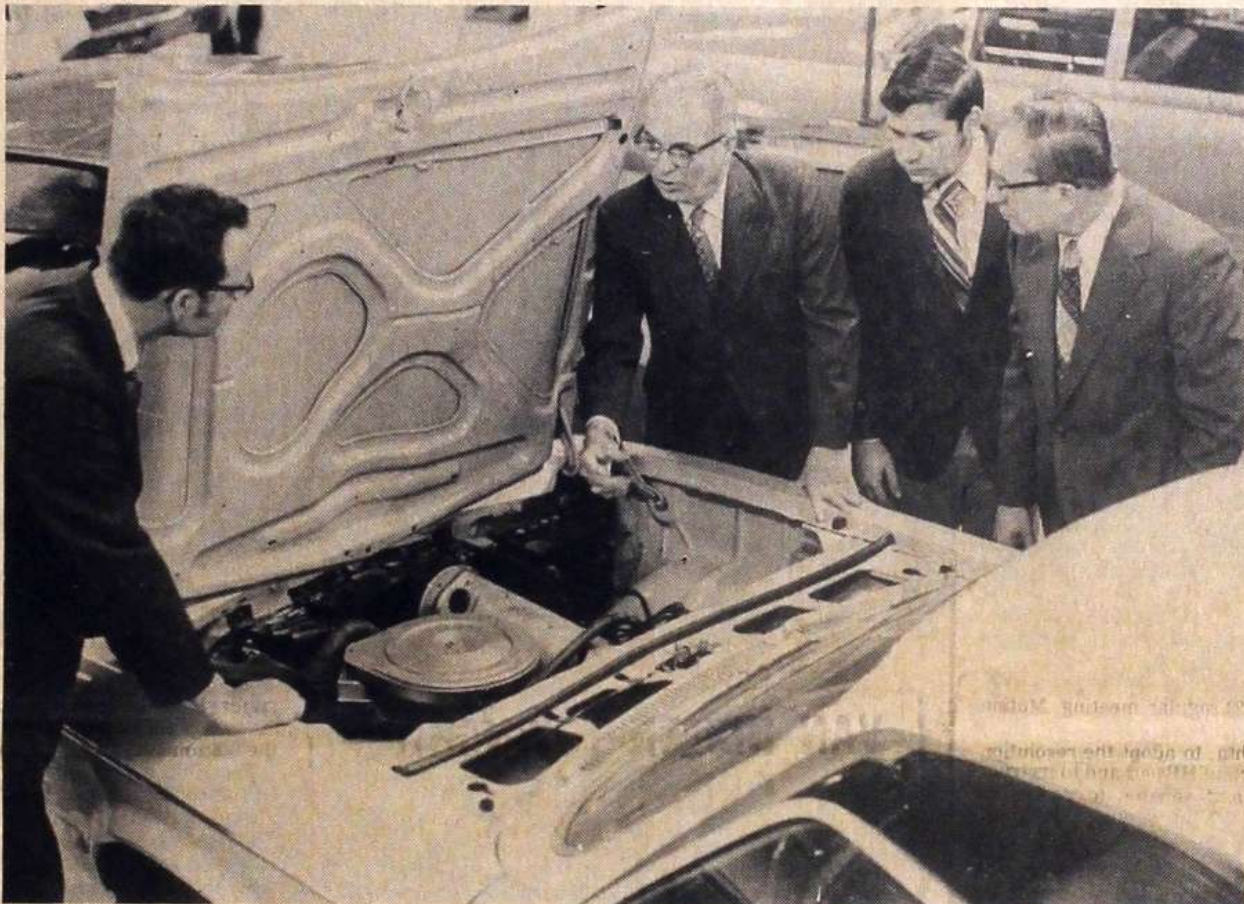

Among the events are Jaycee Week in January, Health Week and the millionaires party in February, March of Dimes canister campaign and March of Dimes benefit dance both in March and the publication of the Jaycee-sponsored City Directory for 1973.

The Romulus Jaycees welcome suggestions, comments and inquiries. They may be mailed to the Romulus Jaycees, P.O. Box 35, Romulus 48174.

## Area girl named to dean's list

Miss Diane H. Arduin, daughter of Mr. and Mrs. Lee Jacobs, 11105 Quirk Rd., Belleville, has been named to the dean's list for the fall term at Northwood Institute in Midland.

Miss Arduin achieved a 4.0 for the fall term.

are (from left) Raymond Kohr, director of curriculum and instruction; J.S. Garlic, general manager of Hydra-matic Division; William Nagy, vocational director; and school Supt. Dale E. Kaulitz.

## Donation to defray expenses

The Romulus Jaycees' benefit dance recently held to commemorate the efforts of the late Eugene (Santa Claus) Gribble was a "success," according to the Jaycees.

A check for \$658 has been presented to Mrs. Eugene Gribble, 13560 Aston, Romulus, by the Jaycees.

The dance proceeds are to be used to help defray medical expenses for Mr. Gribble who died of cancer in August. He was 53.

Mr. Gribble played Santa to area children for more than 20 years.

The dance was held at the Romulus Progressive Club. The club donated hall rental fee to Mrs. Gribble.

# Area students cheer up child

A four-year-old girl who has leukemia recently made new friends in the Belleville area at North Junior High School and Haggerty Road Elementary School.

She is Shannon Zurn, the daughter of Mrs. Casey Zurn of 12923 Heritage Rd., Plymouth.

Mrs. Zurn called the school and asked that a school-wide announcement be made about

Shannon being in the hospital. She asked that students send cards to Shannon at the hospital because her daughter enjoys receiving cards.

A group of young girls went to the school office and requested permission to take up a collection to buy a gift for Shannon.

In just a few days, the students collected \$90, part of which was used to buy a large, stuffed animal for the

leukemia-stricken child.

The girls were Lisa Chen, Eva Clouston, Sue Mayer, Peggy Burd, Kathy Buckle, Connie Cook, Brenda Lemons and Pam Cook.

Another group of girl students from Mrs. Eugenia Ferguson's home economics class made small gifts and took them to Shannon at the hospital.

Members of den two of Cub Scout Pack 821, which is

sponsored by the Haggerty Road Elementary School in Belleville, made a variety of Christmas cards for the child. The Christmas card project was under the direction of Mrs. Ann Feltman, a den mother.

Since the student cheer program began, Shannon has been released from the hospital, visited the school and presently is at home with her mother.

**CAR LICENSE LINE-UP**—Area motorists can avoid long waiting lines for passenger car and commercial license plates by purchasing 1973 plates as early as possible. The line-up shown above at the Belleville branch of the secretary

of state's office, High Street and W. Columbia Ave., is duplicated every year. New plates must be on cars by midnight, March 31. Avoid the long waiting lines. Purchase new plates as soon as possible.

## NOTICE OF PUBLIC HEARING WAYNE COUNTY ROAD COMMISSIONERS

### AIRPORT CONSTRUCTION

The Board of County Road Commissioners of the County of Wayne, Michigan announces that, pursuant to Section 16(d) of the Airport and Airway Development Act of 1970 (P.L. 91-258), it will hold a Public Hearing concerning a proposed new runway and related facilities at Detroit Metropolitan Wayne County Airport. The hearing will commence at 6:00 P.M., Eastern Standard Time, on January 5, 1973 at Romulus Senior High School, 9650 South Wayne Road, Romulus, Michigan 48174.

### PROJECT DESCRIPTION

The proposed new runway will serve airline operations for domestic and international, as well as air cargo and general aviation activities. It will be constructed in a northeast-southwest alignment parallel to the two existing northeast-southwest runways. The runway will be 2,000 feet southeast of the existing Runway 3R-21L, and will be 10,000 feet long and 150 feet wide with a supporting taxiway system. The proposed construction will include, in addition to the runway-taxiway system, necessary runway and taxiway lighting, required navigational aids, security fencing and a new storm drainage system outfalling to a new retention basin. To accommodate this runway-taxiway system it will be necessary to relocate Eureka Road and to relocate the existing perimeter drainage ditch. It will be necessary to utilize 1,524 acres of land for these improvements, which have been or will be acquired.

The hearing will afford interested persons, groups, and agencies an opportunity for public consideration of the economic, social and environmental effects of the proposed new runway and related facilities and its consistency with the goals and objectives of such urban planning as has been carried out by the community. "Social, economic, and environmental effects" mean the direct and indirect benefits or losses to the community as a result of the proposed development. These benefits or losses may include but are not limited to effects on:

- a. Safe and efficient use of the Airport;
- b. Economic activity;
- c. Public health and safety;
- d. Property values; and
- e. The human and natural environment, including:
  - (1) Displacement of persons and replacement housing;
  - (2) Sound;
  - (3) Neighborhood character and location;
  - (4) Fish and wildlife;
  - (5) Historic, natural, scenic, and recreation areas;
  - (6) Water and air quality;
  - (7) Land use;
  - (8) Protection and enhancement of natural resources and the quality of environment; and
  - (9) Feasible and prudent alternatives to potential adverse effects on the environment, including consideration of need for the proposed development.

Interested parties may present oral testimony of their views concerning these matters. Although it is not mandatory, the Wayne County Road Commission requests those intending to make oral presentations at the hearing to notify the Board in writing or by telephone to: Mr. Charles Van Deusen, Project Director, Mezzanine, L. C. Smith Terminal, Detroit Metropolitan Wayne County Airport, Detroit, Michigan 48242, Telephone: Area Code 313, 941-4891, by Tuesday, January 2, 1973. Anyone wishing to submit questions for comment by the Road Commission in its presentation at the hearing are invited to do so in writing to the above address.

In addition, written statements and other exhibits relating to these matters will be incorporated into the transcript of the hearing, provided such statements or exhibits are submitted to: Mr. James M. Davey, Managing Director of the Wayne County Road Commission, 7th Floor City-County Building, Detroit, Michigan 48226, Telephone: Area Code 313, 224-2002, by January 29, 1973. Such written statements or other exhibits may be submitted by any interested party whether or not such party participates in the oral hearing.

In order to afford all those desiring to express their views an opportunity to be heard, each speaker should plan to limit the oral presentation to ten minutes or less. If this time allocation will not provide an adequate opportunity for a fair oral presentation of your views, please contact Mr. James M. Davey, Managing Director of the Board, in advance of the hearing. In addition to oral presentations, written statements and other exhibits without any length limit are welcomed to supplement the oral presentation, all of which will be incorporated into the transcript.

The Board of County Road Commissioners of the County of Wayne, Michigan are required pursuant to FAA Order 5050.2 and Section 102(2)(c) of the National Environmental Policy Act of 1969 (P.L. 91-190) to prepare a preliminary (Draft) Environmental Impact Statement relating to the proposed runway project. This environmental statement is based on studies performed by the environmental consultants to the Board, R. Dixon Speas Associates, Inc., 47 Hillside Avenue, Manhasset, Long Island, New York, New York 11030, the Mitre Corporation, 1820 Dolley Madison Boulevard, McLean, Virginia 22101, and the staff of the Wayne County Road Commission.

At the hearing copies of the following documents will be available for review by those attending:

1. The Preliminary (Draft) Environmental Statement.
2. The Airport Layout Plan.
3. The applicable sections of the Airport and Airway Development Act of 1970; the National Environmental Policy Act of 1969; and FAA Order 5050.2.

Copies of the following documents will be distributed at the Public Hearing:

1. A summary version of the Preliminary (Draft) Environmental Impact Statement.
2. The Airport Layout Plan.
3. A limited number of copies of the Preliminary (Draft) Environmental Impact Statement.

The following documents will be available for review at the Office of the Airport Project Director, Mezzanine, L. C. Smith Terminal, Detroit Metropolitan Wayne County Airport, Detroit, Michigan 48242, Telephone: Area Code 313, 941-4891:

1. Preliminary (Draft) Environmental Impact Statement.

2. The Airport Master Plan.
3. The Airport Layout Plan.
4. The applicable sections of the Airport and Airway Development Act of 1970; the National Environmental Policy Act of 1969; and FAA Order 5050.2.
5. The Passenger Terminal and Cargo Facilities Master Plan Report prepared by Arnold Thompson Associates, Inc., dated June 1972.
6. The Landrum & Brown Master Plan Report for Detroit Metropolitan Wayne County Airport dated 1967.
7. The Master Plan documents of the communities adjacent to the Airport.
8. The applicable air and water quality standards.
9. Relevant communications concerning the National Airport System Plan.

These documents will be available for review thirty (30) days prior to the Public Hearing and for twenty-one (21) days after the Public Hearing.

To aid in the dissemination of the vital information concerning this Public Hearing, the 19 locations listed following this paragraph have agreed to offer the following documents during the hours listed for the 30 days prior to the Public Hearing and for 21 days after the Public Hearing. The documents available at these locations are:

1. A copy, for review at that location, of the Preliminary (Draft) Environmental Impact Statement.
2. A summary of the Preliminary (Draft) Environmental Impact Statement which interested parties may feel free to take.
3. The Airport Layout Plan which interested parties may also take.

It should be noted that any of the three documents listed above will be mailed, upon request, to any individual upon calling or writing the Airport Project Director at the address and telephone number listed above.

## Township offices get new phone number

New telephone numbers are being installed at the Van Buren Township offices, 46425 Tyler Rd. The installation of new phone numbers is to give better service to the people of the township, said township clerk, Mrs. Patricia Cullin.

The new telephone number, 699-2001, can handle three calls at one time. For future use, if needs require, additional telephone lines can be added so that the one telephone number could handle four or five calls at once.

The old telephone numbers, 697-9169 and 697-7339, will be discontinued. In the meantime persons who still dial the old numbers will automatically be switched to the new number until the new directory comes out in April, Mrs. Cullin said.

## Court to be closed

The 34th District Court, headquartered in the City of Romulus, will be closed at noon Friday and will resume normal operations Dec. 26 in the observance of the Christmas holidays.

The court which serves the communities of Belleville, Romulus and the townships of Huron, Sumpter and Van Buren also will be closed at noon Dec. 29 and reopened Jan. 2.

## Airport Chamber members hear state official speak

C. Froham Johnson, manager of public affairs and local representative of the Michigan State Chamber of Commerce, was the principal speaker at last Thursday's dinner meeting of the Romulus Metro International Airport Chamber of Commerce held at the Hilton Inn.

On hand to hear Johnson's address were the chamber's executive board members: President Richard Enright, Vice President Edmund Galazka, Executive Secretary Mrs. Dolores Ristow and directors Leo Kalota, Richard Mach, Bruce Osborne and Richard Donahay.

Johnson's appearance was arranged by President Enright in a Dec. 8 meeting in Lansing. Another meeting is planned for Jan. 23 in Romulus.

Galazka, chairman of the local chamber's general

## City employees get \$10 bonus

The Belleville City Council \$10 Christmas bonus and has approved payment of a supported by Councilman Thomas Hamlin unanimously was approved by the council.

A motion, introduced by The Christmas bonus will Councilman Kenneth Palmer cover less than a dozen em-

membership program committee, took special interest in what Johnson had to say. Johnson outlined possibilities on the following:

1. How to be a more effective chamber,
2. Ways to identify needs, problems and wants of the Romulus Community,
3. Different types of formats for meetings and
4. Program development.

Mrs. Ristow, who also is the chamber's liaison to the Romulus City Council, said that Johnson detailed ideas of why the chamber should be active and responsive to issues and that the organization must say what members believe, not what majority of people believe.

Johnson also stressed that the chamber publicize and get communications out regarding the chamber's views on the issues they are concerned about, types of programs and projects the chamber is either involved in or anticipating to undertake, and make people aware of what the chamber can mean to them.

Johnson concluded the meeting by assuring the directors that whenever the chamber needed assistance in chamber-related matters all it had to do was contact the state chamber.

### 2. In Memoriam

TREASURED MEMORIES of my  
beloved father, Bernard A. Wall,  
who passed away October 31, 1972.  
I had to part with a Dad I loved  
with all my heart. I hide my tears  
when I speak your name, but the  
ache in my heart remains the same.  
There are other Dad's in the  
world I know, but you were mine  
and I loved you so. You're always  
in my thoughts and prayers, Dad.  
May you find peace and happiness  
till we reunite. Sadly missed by  
your daughter.

THESE HOLIDAYS will be very  
lonesome without our son Jerry
